antony alcock's *A Short History of Europe* offers a straightforward, meticulously researched account one which provides the student with clear and detailed analysis future generations of undergraduates and postgraduates alike will have cause to be grateful for a stimulating introduction to a major area of European studies. J. E. Spence Associate

fellow royal institute of international affairs alcock examines the historical development of europe from the greek city states through to the 1992 maastricht treaty on european integration he also analyses the rise of christianity the contributions of the roman and byzantine empires the rivalry between the papacy and holy roman empire and the consequences for the rise of states european domination of the world following the voyages of discovery continental royal absolutism and british political liberty the impacts of the french and industrial revolutions the two world wars the integration process since 1945 and the collapse of the soviet union

by and large eu financial integration has been a success story still the reform agenda is far from finished what are the remaining challenges what are the gains of closer financial market integration this imf book tracks the european union s journey along the path to a single financial market and identifies the challenges and priorities that remain ahead it pays particular attention to the most recent integration efforts in the european union following the introduction of the euro the study looks at the importance of financial integration in particular for economic growth the interplay between banks and markets and equity market integration it closely examines the relationship between financial integration and financial stability this interaction presents the european union with a challenge but also with the opportunity to play a pioneering role in developing a regional approach to financial stability that could provide lessons for the rest of the world

europe s critical infrastructure is a key concern to policymakers ngos companies and citizens today a 2006 power line failure in northern germany closed lights in portugal in a matter of seconds several russian ukrainian gas crises shocked politicians entrepreneurs and citizens thousands of kilometers away in germany france and italy this book argues that present day infrastructure vulnerabilities resulted from choices of infrastructure builders in the past it inquires which and whose vulnerabilities they perceived negotiated prioritized and inscribed in europe s critical infrastructure it does not take europe for granted but actively investigates which countries and peoples were historically connected in joint interdependency and why in short this collection unravels the simultaneous historical shaping of infrastructure common vulnerabilities and europe

john pinder and simon usherwood explain the eu in plain readable english they show how and why it has developed how the institutions work and what it does from the single market to the euro and from agriculture to the environment

for more than three decades c warren hollister nurtured this classic text of medieval european history which was profoundly marked by his clear historical vision and engaging teaching style the ninth edition seeks to introduce today s students to the medieval roots of our own society judith bennett has updated this classic book while striving to lose neither the vision nor the style of the original she brings to this revision expanded coverage of women s history social and cultural history the role of the common man and woman of the middle ages and the history of the late middle ages

europe in figures is for and about europeans this edition provides a wealth of harmonised and comparable data on the european union the euro zone and the eu member states with additional statistics for major non european countries

this book offers complete coverage of logistics examining modes general issues logistics in specific regions free trade zones innovations in international logistics case studies and a look at the future

this guide covers all 110 of the world s species of tits nuthatches and creepers the parulidae true tits remizidae penduline tits and aegithalidae long tailed tits form the bulk of the book 78 species with a further 24 species of nuthatch and eight creepers the text covers each species under a number of headings identification sex and age voice distribution and movements habitat population habits breeding biology description movements geographical variation relationships and references
