days after their wedding blake and erica landon embark on their honeymoon a journey that deepens their bond and promises to fade the scars of their past just when their troubles seem safely behind them a scandal threatens their new found peace back home blake finds himself at the centre of the controversy haunted by the transgressions of his hacker past that he has no wish to relive with blake s freedom at stake and their future in peril erica will stop at nothing to clear his name but when blake defies the authorities and refuses to seek the truth their world gradually begins to crumble will he let his past win or can erica convince him that their life together is worth fighting for now more than ever the perfect new addiction for fans of fifty shades of grey and sylvia day s bared to you series

devour the addictive 1 nyt series that s sold over a million copies worldwide about a b hacker billionaire and the whip smart woman he can t resist determined to overcome a difficult past erica hathaway learns early on how to make it on her own days after her college graduation she finds herself face to face with a panel of investors who will make or break her fledgling startup the only thing she didn t prepare for was going weak in the knees over an arrogant and gorgeous investor who s seemingly determined to derail her presentation billionaire and rumored hacker blake landon has already made his fortune in software and he s used to getting what he wants with very little resistance captivated by erica s drive and unassuming beauty he s wanted nothing more since she stepped into his boardroom determined to win her over he breaks down her defenses and fights for her trust even if that means sacrificing a level of control he s grown accustomed to but when blake uncovers a dark secret from erica s past he threatens not just her trust but the life she s fought so hard to create

backpacker the survival hacker s handbook provides detailed instruction on how to use everyday items to survive in extraordinary circumstances sure the quirk is here for instance learn how to make a fishhook out of a beer can start a fire with hand sanitizer or purify water with bleach but it goes beyond the quirk to identify real solutions for real scenarios with real items you carry with you the book includes useful tips and tricks from survival experts and provides step by step instructions along with short stories of survival situations where these modern survival skills have come into play the book is organized around basic fundamental concepts of survival finding food building shelter securing water etc

this book examines technological and social events during 2011 and 2012 a period that saw the rise of the hacktivist the move to mobile platforms and the ubiquity of social networks it covers key technological issues such as hacking cyber crime cyber security and cyber warfare the internet smart phones electronic security and information privacy this book traces the rise into prominence of these issues while also exploring the resulting cultural reaction the authors analysis forms the basis of a discussion on future technological directions and their potential impact on society the book includes forewords by professor margaret gardner ao vice chancellor and president of rmit university and by professor robyn owens deputy vice chancellor research at the university of western australia security and the networked society provides a reference for professionals and industry analysts studying digital technologies advanced level students in computer science and electrical engineering will also find this book useful as a thought provoking resource

in hardpressed the highly anticipated second book of the hacker series that began with hardwired blake and erica face threats that put both their love and their lives on the line despite blake landon s controlling ways the young and wealthy hacker finally won the trust of the woman he loves internet entrepreneur erica hathaway broke down the walls that kept her from opening her heart and her business to blake ready to start this new chapter in her life erica is determined not to let anything come between them even if that means giving blake back some of the control he craves in and out of the bedroom but when demons from her past threaten their future erica makes a decision that could change their lives forever the perfect new addiction for fans of fifty shades of grey and sylvia day s bared to you series

blake landon is a man who has everything wealth good looks and the love of erica hathaway the power couple has been through hell and back and when life has torn them apart somehow they have always found their way back to each other more in love and stronger than ever erica has never been more ready to say i do on the verge of making the ultimate commitment she uncovers an unsettling chapter of blake s history as she makes peace with her own past and the family who left her behind she presses blake to tear down the last walls between them determined to know the man he once was she opens a door to a world beyond her wildest imagination a world that has her questioning the limits of her own desires as danger lurks and dark secrets come to light will the past destroy their promise of forever

how hackers and hacking moved from being a target of the state to a key resource for the expression and deployment of state power in this book luca follis and adam fish examine the entanglements between hackers and the state showing how hackers and hacking moved from being a target of state law enforcement to a key resource for the expression and deployment of state power follis and fish trace government efforts to control the power of the internet the prosecution of hackers and leakers including such well known cases as chelsea manning edward snowden and anonymous and the eventual rehabilitation of hackers who undertake ethical hacking for the state analyzing the evolution of the state s relationship to hacking they argue that state sponsored hacking ultimately corrodes the rule of law and offers unchecked advantage to those in power clearing the way for more authoritarian rule follis and fish draw on a range of methodologies and disciplines including ethnographic and digital archive methods from fields as diverse as anthropology sts and criminology they propose a novel boundary work theoretical framework to articulate the relational approach to understanding state and hacker interactions advanced by the book in the context of russian bot armies the rise of fake news and algorithmic opacity they describe the political impact of leaks and hacks hacker partnerships with journalists

in pursuit of transparency and accountability the increasingly prominent use of extradition in hacking related cases and the privatization of hackers for hire

software mogul blake landon has met his match in headstrong erica hathaway while his controlling nature and her independent spirit continue to battle blake has no intention of letting her out of his life again erica has given blake her trust and her love determined that they will conquer any challenges together but when he demands more and tests the boundaries of her commitment she is forced to face the dark desires he s kept hidden as their bonds grow tighter their enemies close in with erica s start up in danger blake s frustration grows as he tries to protect her from those who would ruin her only to get to him can their relationship survive when blake s enemies cross the line and threaten more than her livelihood

critically investigating the gender of programming in popular culture sexing code proposes that the de facto representation of technical ability serves to perpetuate the age old association of the male with intellect and reason while identifying the female with the body challenging this division in which code is situated within the male sphere the discussion highlights women□1s contributions in the writing and theorizing of code particularly in the digital arts hacking and hacktivism presenting an accessible and lively discussion sexing code demonstrates that the gendering of programming selectively confers the privilege of authorship and is therefore a salient factor in the production of culture in the twenty first century
