from immanuel kant to postmodernism this volume provides an unparalleled student resource a wide ranging collection of the essential works of more than 50 seminal thinkers in modern european philosophy

this book should be of interest to introductory philosophy philosophy of mind and metaphysics courses

easy to use for both students and instructors alike this text is a comprehensive topically organized collection of classical and contemporary philosophy ideal for introductory philosophy courses the text includes sections on god and evil knowledge and reality the philosophy of science the mind body problem freedom of will consciousness ethics political philosophy existential issues and puzzles and paradoxes

a comprehensive anthology that draws together leading philosophers writing on the major topics within philosophy of mind

this is volume two of a two volume world history text the book takes a thematic approach exploring different areas in a comparative manner and central themes are used to highlight the interconnectedness of the world's development across cultures and time the approach is roughly chronological though the organization deals with broader comparative issues such as the family the text explores how different parts of the world often follow similar paths even at different times and how similarities or differences in development can be revealing about particular societies the book places less emphasis on political history and more on social economic and cultural with coverage of gender and family and wide coverage of women's history the section openers have comparative chronological charts to help keep the student oriented with respect to events in different parts of the world and learning aids include debating the past boxes daily life boxes two four colour photo essays and marginal heads to help keep track of the testable material volume two examines world history after 1500

philosophy of mind contemporary readings is a comprehensive anthology that draws together leading philosophers writing on the major topics within philosophy of mind robb and o'connor have carefully chosen articles under the following headings substance dualism and idealism materialism mind and representation consciousness each section is prefaced by an introductory

essay by the editors which guides the student gently into the topic in which leading philosophers are included the book is highly accessible and user friendly and provides a broad ranging exploration of the subject ideal for any philosophy student this book will prove essential reading for any philosophy of mind course the readings are designed to complement john heil s philosophy of mind a contemporary introduction second edition routledge 2003 although the anthology can also be used as a stand alone volume

this selection of source readings brings together diverse materials from the christian tradition in order to help students think theologically about the implications of religious plurality

philosophy of mind classical and contemporary readings is a grand tour of writings on the perplexing questions about the nature of the mind the most comprehensive and best selling collection of its kind the book includes selections that range from the classical contributions of descartes to the leading edge of contemporary debates extensive sections cover foundational issues the nature of consciousness and the nature of mental content three of the selections are published for the first time while many other articles have been revised especially for this volume each section opens with an introduction by the editor

this comprehensive topically organized anthology of classical and contemporary readings covers five main areas of philosophy and several additional sub areas pojman includes a useful selection of classical material including four separate readings from plato and two from aristotle balanced by well chosen contemporary articles all readings are accessible to students with inquiring minds and unlike other anthologies of this depth pojman provides extensive readable introductions to the different sections
