era totalmente hombre y totalmente dios era totalmente humano y totalmente santo las mismas manos que trabajaron como rudo carpintero realizaron milagros

boyer lets these mexican people speak for themselves about how they got into trouble with the inquisition

in this groundbreaking study historian michael j alarid examines new mexico s transition from spanish to mexican to us control during the nineteenth century and illuminates how emerging class differences played a crucial role in the regime change after mexico won independence from spain in **1821** trade between mexico and the united states attracted wealthy hispanos into a new market economy and increased trade along el camino real turning it into a burgeoning exchange route as landowning hispanos benefited from the santa fe trade traditional relationships between wealthy and poor nuevomexicanos whom alarid calls patrines and vecinos started to shift far from being displaced by us colonialism wealthy nuevomexicanos often worked in concert with new american officials

after us troops marched into new mexico in 1846 and in the process alarid argues the patr nes abandoned their customary obligations to vecinos who were now evolving into a working class ultimately wealthy nuevomexicanos the book argues succeeded in preserving new mexico as a hispano bastion but they did so at the expense of poor vecinos

on their return to new mexico from el paso after the 1680 pueblo revolt the new mexican settlers were confronted with continuous raids by hostile indians tribes disease and an inhospitable landscape in spite of this in the early and mid eighteenth century the new mexicans went about their daily lives as best they could as shown in original documents from the time the documents show them making deals traveling around the countryside and to and from el paso and mexico city complaining about and arguing with each other holding festivals and making plans for the future of their children it also shows them interacting with the presidio soldiers the franciscan friars and inquisition officials el paso and chihuahua merchants the occasional frenchman and their pueblo indian allies because many of the documents include oral testimony we are able to read what they had to say sometimes angry asking for help or giving excuses for their behavior as written down by a scribe at the time this book includes fifty four original handwritten documents from the early and mid eighteenth century most of the original documents are located in the spanish archives of new mexico although some are from the bancroft library at the university of california at berkeley the archivo general de la nacion in mexico city and elsewhere they were selected for their description of spanish colonial life of interest to the many descendants of the characters that appear in them and because they tell a good story a translation and transcription of each document is included as well as a synopsis background notes and biographical notes they can be considered a companion in part to ralph emerson twitchell s 1914 two volumes the spanish archives of new mexico summarizing the documents of the spanish archives of new mexico now available in new editions from sunstone press
