you're either pimping, tricking, or hoeing in this game of life. Period. The game is to be sold and not told. So if you really want and desire to have your way with women, then you gotta pay a price to be in this game. You gotta pay to play, and that's the only way you gotta pay an entry fee to become a p i m p because real game from a real pimp won't come for free. It's a sacred science kept secret to be given only to the worthy men and women who take this game seriously. Getting a hold of this game in the past could've only been attained if you actually knew a pimp personally who saw potential pimping in you or else you only got bits and pieces. Never the full script. In this information, you get the privilege of learning from a highly successful finesse pimp who put in work all over the world, a man who must remain nameless because he's now a Fortune 500 CEO who's taught the game of pimping to 100's of men and women around the world. The first lesson is that you can't be out here thinking with your smaller head like most men who think that the goal is only to get her in the bed. We call that man a trick in this game because he thought the real prize was between her legs. He thought the goal was to only get her in bed and not to get in her head. This man is called a trick because her feminine allure tricked him into pedestalizing what's between her legs so he spends his hard-earned bread. He fell victim to a woman's game of sexual manipulation and seduction. The game teaches a woman how to use her body to gain control of a man's mind so she can control the balance of power. This game isn't about your looks, your muscles, or your money like most men think. This game is about your mind and how you use your words. That's why it's called game. After you hear my wisdom, I promise you that you'll never be the same. In fact, I know this because I've seen it so many times change a boy into a man and a girl into a woman. I'll teach you how to level up your manhood, control the balance of power in your relationships, and understand the female psyche so you'll stop falling for a woman's sex game. This is the only game that she knows how to play, and she's learned to play it well. But with this game, you'll learn how to use it to your advantage instead of being tricked into giving her the power over your mind. Now buckle your seat belts because I'm about to crash your reality on women's wisdom and winning as a man. That'll fill your brain with the game. Here's just a small taste of the over 80 chapters of Pimp Game. This book contains how the pimp game is everywhere, even at your job. Why a woman can never be your whole world and your everything. How to communicate with a woman so she hears you. How to know when a woman is choosing you. Choosing signals. How to understand the mind of a woman. Female psychology. The 2 types of women and which one to choose. Turnouts. Burnouts. Why a woman's loyalty only exists in fairytales. She's not yours. Why she wants a pimp in her life. The man with a plan. How a woman pimps your emotions into submission. Female manipulation. Why learning her desires is so important. Desires are devils. Why you let a woman choose you. How to deal with a woman if she disrespects you. The power play. How to make a woman want to submit to you. The dopamine reward system. Why you have to play the game of

hide the dick with her male manipulation disclaimer this book is not about using people or manipulating others for manipulative purposes even if there are techniques listed to do so this information is for educational and entertainment purposes only the author is not responsible for anyones influence to start pimping after learning this information

this is my second venture into the world of pimping my first book was a hit and i decided to return back to the dark underworld of pimps and their hold over the women that adore them their power lies within their charm and charisma one look can say a thousand words and their voice can scream louder than the music we call life let us journey together once again into the mind and thoughts of the psychology of pimping let us try to comprehend the complex thoughts and actions that create the mysterious men of intrigue and illusion the psychology of pimping is real and the relationship with his women based on trust understanding and the power given to him

this is an introduction into the reality of what we call life in the pimping game once you put the work in from the bottom to the top you make a name for yourself in this

game and the players in the game recognize your accomplishments you are respected and given your proper acknowledgement as a boss player game recognize game and you live and die by your reputation this is your resume in the streets if you are on top of your game your name will ring true as the the clear blue sky and the green grass put on your rabbit ears and soak up this game it is for the real life players rooted and grounded in the pimping game take a step into the mind of a pimp and the players in the pimping game and prepare to get suited and booted from head to toe as i lace you with this game if it is money that you are trying to earn put your seat belt on and listen and learn i m in the drivers seat so ride to my beat i m going to make this simple as i can so you can be the man with the master plan this game is sleazy and not easy at all many have entered with good intentions only to fail mainly because they haven t studied the game or they chose not to follow the rules of the game the commandments of the game have been around since the beginning of time in the garden of eden the first pimp was lucifer in the form of a snake he used his wit and cunning ability to manipulate eve into tricking her husband adam into taking a bite of the forbidden fruit which lead us here in the modern era the game is rooted and grounded in manipulation in order to get a woman to allow you to control her mind body and soul this is the true definition of pimping and making the world your kingdom as you sit on the throne as ruler and king of your castle

i am here to sell it so you better inhale it and breathe new life into the game the game is to be sold not told now sit back and watch the drama unfold as i unload the untold story of the pimping game this is not for the lames this is dedicated to the chosen ones chasing fame and trying to make a name in this marvelous thing we call the game in order to master the game one must obtain the education required to inspire a woman to sell her goods and services for a fee instead of giving it up for free study the game and practice its principles it may sound simple but there is an art to pimping and pandering you must have style and grace not only talk the talk but walk the walk as a positive individual making progress you must be that player in the management position in order to put that money in you re pocket if you follow the rules and apply them correctly you will become the ultimate pipeline of integrity with a management plan in hand as a person into managing prostitutes and if you elevate in this game you can achieve boss player status by professionally instructing many prostitutes with your goal of becoming a project for improvement in management practices you will be converted into a primary intimacy management partner

take another journey with me into the dark underworld and mentality of the unique and relationship between a pimp and his prized possession some of us refer to as a prostitute escort or whore these women are much like any other women seeking much needed male attention and approval they are just like the fairy tale princess s that we grew up reading about in children s books seeking their prince charming and their

happily ever after they are chasing the american dream just like the rest of us only to find that their dreams have become a daily nightmare of use and abuse the men they love turn them out and manipulate their every move as they chase a dream of love and happiness in a never ending cycle of sex money and violence in the mean streets of america welcome to their world and what becomes their reality chasing a dream

from the author of the pimp game instructional guide comes book 2 advanced lessons in psychological mastery techniques of the secret societies which dissect and explain how few minds control so many what makes one submit to the will of another

the game is all i know the game is what i live for i have dedicated my entire existence to the game because of my actions hard work and dedication the game has rewarded me with success it didn t start off that way i had to study the game and watch every movement of the players and i entered into it with some knowledge but very little experience it took years to develop my craft and the art of manipulating women with my sharp mind and my silver tongue i began to understand the game on a higher level the players in this game are very cunning and many of them are praying and plotting on my downfall they want to take over my position as a boss player they want to be just like me but i am original they couldn t dress like me if they had the same exact wardrobe they couldn t spit my wisdom if i they were blessed with my mouth and brain they couldn t copy my style if i gave them the exact blueprint there is only one man that can fit into my expensive shoes i have been created by the game itself i was born and bred to be this pimp many moons ago i was destined to sit on my throne now i must play my position and be the best version of myself that i can possibly be i was blessed into this game and have fully committed to this lifestyle people may come and go but i am married to this game for life

i seriously thought that i was retired from writing about the pimping game but i decided to write one more book dedicated to this all american sport in this era of me too human trafficking and political correctness some people in the square world fail to recognize that some females have actually made a conscious decision to become involved with the world of pimping and prostitution i m not saying that a lot of these females are not victims but i am saying that some of them jump into this game by choice and not force just look at the era that we live in right now where a lot of these young women are choosing to become escorts porn stars and strippers modern women have more options than they ever had in history yet this is still a natural phenomenon that is being glamorized a certain percentage of women have made the conscious choice to become sex workers instead of pursuing going to college a career motherhood or marriage this is just a natural fact this may be due to their upbringing and nurturing in single parent homes without fathers they may have grew up in the foster care system they might even have been sexually molested by their own father or

a close family member or friend the possibilities are endless some people tend to blame other factors in our society including the graphic lyrics in popular music movies and video games most of their female role models use their sexuality to sell their products to their vulnerable teenage female customers it's definitely a sign of the times and this is definitely not going to change anytime soon

this one is going to be all meat and no bread so let me get you ready to put something in a hoes head if you stay ready then you don't have to get ready i'm going all in on this book because it is going to most likely be the last book in the pimp game series it's always pimping let me start this good game and put something good in your mind this game is exclusive and elusive don't get it twisted so listen and learn if it's money that you want to earn pull up a chair and while i put this good game in the air there is lots of money to make if you take the time and energy to get this street education listen and learn pimp partner this is the information to make a great creation a new beginning in the game ride up and ride with me into the glorious game let your name ring in the streets make the women fall for your silver tongue be a winner and a champion amongst men take your place on the royal red carpet think on a higher level play the position of power that has been given to you step into your pimping shoes and move with precision and accuracy i have thoroughly enjoyed writing every single book in the pimp game series i took a good look at my life past present and future and put my life experience to work i'm very proud of this body of work in its entirety i seriously took the concept that game is to sold and not told to an even deeper level i would like to see this book and every one that comes afterwards someday on the new york times best sellers list i continue to grow and impress myself as an author it is my intention to become the voice of this generation in the written format i examine the darker side of life that often gets swept under the rug because i tend to take a realistic look at life and life experiences even those aspects of life need to be discussed in more formal settings instead of just being gossiped about and expressed in our own social circles these things have been going on since the beginning of time get money get motivated

welcome to the world of pimping and pandering be the best pimp you can be there is so much knowledge and understanding of the world in the pimping game first and foremost you must understand the true history of pimping in these united states of america it was created out of sheer necessity the white wealthy european men in american society couldn't resist the temptation and lure of exotic dark skinned women this sexual fantasy is not foreign or centralized to america but continues to expand and thrive throughout the earth worldwide all over the globe north and south of the equator what did you want to be when you grew up all i wanted to do was be a pimp we all have dreams and mine was to become the best pimp i could be i grew up in the streets and looked forward to being just like the stylish well spoken silver

tongued hustlers with money power and respect that i looked up to living in the ghetto children grow up admiring street super heroes like pimps and drug dealers options are very limited when you come from poverty if you don t have god given talent athletically or musically you have to accept more realistic aspirations especially if you have little or no education the streets become ground central for breeding and educating hustlers the art of pimping is slowly dying off and adapting progressively in reverse into something primitive and unrecognizable young men in this millennium generation all calling themselves pimps when in all reality they are living off women in public housing who have little or no income on government assistance in my opinion this is not real pimping it is a means of survival by mostly weak men with no talent or ability to make it on their own when they end one of these types of relationships these little mama s boy go back to being in a romantic incestuous nest these infantile adult toddlers are used to being spoiled and breast fed and require their lovers to do everything their mothers do for them they need to be mothered in their romantic relations and continue to compare their lovers to their mothers until their girl gets tired of being compared to their weak man s mother and send them garbage bag in hand back to the loving maternal arms of their mom who will allow them to enter back into their accepting wombs these loving and caring women coddle them and protect them from hurt harm and danger and comfort them like a familiar lover it took a lot of time and dedication but i have my phd in pimping from players university this game is real and so are its players so enter into it cautiously with inspiration preparation and full dedication
