suppose you have seen an event have formed an idea about it and you say something that  
is not true in other words something that is a lie then what flows from the object is correct  
and what flows from you is false and this collision is a terrible explosion and each time you  
do this you attach a gruesome being to your karma which you cannot get rid of again until  
you have made good what you lied about rudolf steiner in a previously untranslated volume  
of lectures rudolf steiner presents shattering insights regarding the interaction of human and  
spiritual beings he speaks for example about how perfumes can give certain spirits access  
to people on earth or how phantoms spectres and demons can be created through human  
deficiencies or even how the arts of architecture sculpture painting and music allow good or  
hideous entities to enter our world as he states learning about the effects of spiritual beings  
is of much greater help than moral preaching a future humanity will know what it is  
creating through lies hypocrisy and slander the lectures are divided into two broad thematic  
groups the first relating to the inner path of knowledge and its relation to the yearly

festivals and the second focusing on the work of elemental beings in our everyday world the 18 lectures are complemented with notes an index and an introduction by christian von arnim
