the debate among christians continues to rage exactly where will the antichrist come from and to what religion will he belong over the last ten years an increasing number of pastors and prophecy experts have abandoned their support for the traditional roman antichrist view and are now promoting the islamic antichrist theory the beast of the apocalypse they now say will rise out of islam somewhere in the middle east and he will conquer the world with a vast army of unstoppable muslim warriors in support of this conjecture proponents of the islamic antichrist theory point to several pertinent facts for example the bible repeatedly refers to the antichrist by arabic titles such as king of babylon king of tyre the assyrian etc in agreement with revelation 20 4 islam requires the beheading of those who will not submit to their leader s authority the greek letters for 666 according to some experts actually stand for in the name of allah we will make war yet despite all these facts the bible clearly states that the antichrist s homeland lies to the northwest of israel a region completely devoid of arabic nations indeed the principle of divine retribution requires that god take vengeance on a roman caesar as payment for rome s execution of jesus in 32 a d and its destruction of jerusalem a short time later here in the islamic antichrist myth charles k bassett examines fifteen of the most popular arguments in support of the islamic antichrist theory and patiently explains why each one is wrong once this myth is dispelled says bassett the only logical conclusion is that the antichrist must be a roman and he must come out of europe

today the news is filled with accounts of the rising tide of islamic governments across the middle east based on sharia law leading into an islamic caliphate iran is now closer than ever to developing a nuclear weapon and muslim terrorism against the united states is increasing as the events in benghazi have shown against this backdrop in the not too distant future iran has successfully developed several nuclear bombs and decided to use them against israel and the west the attack goes better than planned as the nuclear attacks coincide with the biblical event known as the rapture which devastates america but leaves the muslim world virtually untouched due to the small number of christians within their borders this disparity now leaves the islamic countries in a perfect situation to continue their move to take over the world and to unite it under islam iran receives unexpected help from the mahdi the long awaited islamic messiah whose coming was predicted 1 200 years ago the 12th imam is based on actual prophecies found in the bible jewish and islamic writings that parallel each other making for an exciting read leaving one to wonder how much is fiction and how much is soon to be reality in a story ripped from today s headlines iran has launched a nuclear attack on israel and the great satan the united states the president of iran has little idea that his grand plan would initiate a series of events that fulfills prophecies in both islamic and christian holy writings the return of the islamic messiah the one the bible calls the antichrist is imminent the missiles go astray and destroy the dome of the rock while the israeli attack fails iranian agents succeed in destroying the nation s capital as well as several american cities at the same time christians are removed from the earth in a mass exodus the 12th imam the long awaited islamic messiah returns from the jamkaran well from a slumber of nearly 1 200 years these events unite jewish islamic and the remaining christian adherents as each of their end times writings converge on a single individual the twelfth imam rise of the antichrist is a fast paced thriller that will keep the reader on a rollercoaster ride that never slows down the book is not your normal work of christian end times non fiction its doomsday premise is based not just on real world events but actual threat assessments from national security experts and think tanks regarding scenarios that can plunge america back to the dark ages about 1 8 billion live under islam the second largest religion islam has been trying to take over the world since mohamed established it in the 6th century shia islam iran being one of the largest shiite countries believes in a coming islamic messiah the 12th imam who will come and rule the world for 7 years at the end of time antichrist many shiites believe they can hurry his return by destroying israel islamic details about the 12th imam line up with bible details about the antichrist could the religion of the antichrist be with us already james parker has taken the well established bible doctrine of the rapture and presented it with a fresh look by tying it to islamic end time prophesies parker has shown there is a clear islamic connection to christian end time prophesies regarding the antichrist his first novel is a fast paced political action thriller that will appeal to religious and secular lovers of mystery and mayhem the action takes place mostly in new york city and the islamic countries of

the middle east parker skillfully weaves together end times theology from the three great abrahamic religions judaism christianity and islam and explores a maze of ancient prophecies that if unchecked might lead to the end of days

islamic jihad images of terrorism bombings decapitations and destruction americans europeans and israelis share a strong sense of foreboding that western civilization stands on the cusp of collapse due to insidious individuals radicalized by salafist and wahhabist doctrine pledged to strike down infidels the violence of the middle east continues unabated driving many muslims north to europe seeking peace safety and a better life however citizens of western civilizations can't help but fear that lurking within the million plus immigrants crossing into europe with others destined for the u s are vast numbers of jihadis pledged to murder christians jews secular humanists and moderate muslims all in allah's name combined with this turbulent situation churns the apocalyptic conviction many evangelicals hold that the apocalypse lies just ahead could radical islam be the catalyst to trigger last days events what's more might the dreaded antichrist predicted by biblical prophecy be energized by radical jihadist thinking could islam become a dominant one world religion foreseen by biblical prophets many who study eschatology have concluded this view comprises the most likely scenario the idea that antichrist will arise amidst radical islam has been successfully promoted for a decade it has altered the conventional perspective of a large segment of those who adhere to futurism the position that large portions of holy scripture passages within daniel isaiah matthew 24 luke 21 and revelation await future fulfillment known as the islamic antichrist theory much more has been conjectured than the religious sentiment of the antichrist the most essential viewpoints of the conventional prophetic scenario have been unseated many are unaware this has happened in short the theory proposes that antichrist gog the mahdi and daniel's king of the north are all one and the same likewise the theory conflates the last days war of gog magog with armageddon making the two only one event lastly islamic antichrist theory regionalizes the scope of bible prophecy dismissing the longstanding fear that antichrist superintends a luciferian new world order in which all nations are assimilated into a single government limiting human freedom this alternate prophetic view obscures other prominent threats that we overlook to our peril

from creation to the islamic antichrist and how you can be sure you're one of god's chosen

in recent history men from a variety of backgrounds have come to the same conclusion that the bible is about israel only for example in 1861 john mason neale translated an ancient twelfth century latin hymn and its title was o come o come emmanuel ever since 1861 christians have sung that hymn at christmas time especially at advent do you know what the words really mean that you are singing in 1878 edward hine wrote an article titled seven eighths of the bible misunderstood wherein he explains that seven eighths of the bible is about national salvation i.e. the national salvation of true israel whereas only one eighth of the bible is about personal salvation did you know that in the 1960's pastor sheldon emery wrote an article titled an open letter to any minister who teaches the jews are israel wherein he is of the opinion

that the israel that exists today since 1948 is not the true israel of the bible in 1998 arnold e kennedy wrote a book titled the exclusiveness of israel wherein he legally proves using the king james version of the bible that the bible in general is only about true israel so here we are in the twenty first century and the gospel that is preached today is totally convoluted from that which was preached in the first century a d by yahshuah and his disciples i e the gospel of the kingdom so where did the so called churches and pastors go wrong by the way is there really a hierarchy in the bible in order to find out what the truth really is we have to look at the original languages in which the bible was written and then translated for example the old testament was written in hebrew and aramaic then translated into greek the new testament was written in hebrew and greek both testaments were put together and translated into latin then german and finally into english from which the entire world received their own translation of the bible so what was the original meaning of the words used in the original languages i e the etymology of the words once that is determined then we can go onto the next phase and discuss types in the bible from there what is the law of first mention how should bible prophecy be interpreted who are the keys to bible prophecy where are we in the bible prophecy timeline during these discussions we will find out who yahweh chose of all the families of the earth to make his own the churches teach universalism the question then becomes who was yahweh s law given to what are the laws of yahweh and then the even bigger question becomes who was yahshuah sent to all of these questions and more will be answered as you read this book

throughout the body of christ many students and teachers of the end times are awakening to the solidly scriptural basis for the islamic antichrist theory hidden in plain sight which develops this interpretation of the end times will no doubt greatly add to the growing understanding of the church as the day of the lord draws near mark davidson who i have come to know and exchange ideas with over the years is a humble and careful student of both the scriptures and history whose work must now be considered by everyone who seeks to understand the days ahead joel richardson husband father new york times bestselling author of islamic antichrist co author of god s war on terror internationally recognized speaker and activist

how will the world end doomsday ideas in western history have been both persistent and adaptable peaking at various times including in modern america public opinion polls indicate that a substantial number of americans look for the return of christ or some catastrophic event the views expressed in these polls have been reinforced by the market process whether through purchasing paperbacks or watching television programs millions of americans have expressed an interest in end time events americans have a tremendous appetite for prophecy more than nearly any other people in the modern world why do americans love doomsday in apocalyptic fever richard kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas yet while several chapters are devoted to this topic this book covers much more it surveys end time views in modern america from a wide range of perspectives dispensationalism catholicism science fringe religions the occult fiction the year 2000 islam politics the mayan calendar and more
