potential for error and misinterpretation rather than reading photographs in the context of where or how they were taken this book emphasises the importance of understanding how photographs are reproduced it explores and compares the value of photography as authentic proof in both popular and scientific publications during this period of significant technological developments and a growing readership three case studies investigate different uses of photography in print using pigeons to transport microphotographs during the franco prussian war the debate surrounding the development of instantaneous photography and finally the photographs taken of the transit of venus in 1874 unseen by the human eye but captured on camera and made accessible to the public through the periodical addressing a largely overlooked area of photographic history from a photograph makes an important contribution to this interdisciplinary research and will be of interest to historians of photography print culture and science

in this book libby robin explores the links between nature and nation by looking at some of those who observe the natural world most closely including scientists field naturalists and farmers she tells the story of how we as a nation have come to understand our land having left the cultural cringe behind settler australians are struggling with the strange nature of this continent robin suggests new ways of living in an arid and urbanized continent in times of global change and gives hope that australia can move beyond the biological cringe

originally published minneapolis minn bethany house publishers c1996

describes how the author turned away from the formulas of news photography while working on a master s degree and investigating the lives of native americans in seattle and the role of organized religion

how the world changed social media is the first book in why we post a book series that investigates the findings of anthropologists who each spent 15 months living in communities across the world this book offers a comparative analysis summarising the results of the research and explores the impact of social media on politics and gender education and commerce what is the result of the increased emphasis on visual communication are we becoming more individual or more social why is public social media so conservative why does equality online fail to shift inequality offline how did memes become the moral police of the internet supported by an introduction to the project s academic framework and theoretical terms that help to account for the findings the book argues that the only way to appreciate and understand something as intimate and ubiquitous as social media is to be immersed in the lives of the people who
