master s thesis from the year 2021 in the subject leadership and human resources occupational burnout and stress at work grade 17

20 católica lisbon school of business economics language english abstract the aim of this dissertation is to clarify the process of stigma of mental illnesses and create awareness about it as understanding the concept of stigma is a prerequisite to decide on strategies for its reduction the findings of this study illustrate that stigma is impacted by the causal attribution of illness humans tend to make more stigmatizing judgments when an illness is a mental illness that is attributed to the mind compared to an illness that is physical and attributed to the body furthermore this research found that mere information about mental illness issues is not a sufficient way to reduce stigma which leads to the proposal of seminars and workshops within a managerial context to educate employees about stigma and reduce it the concept of mental health is not accepted universally in our society and accordingly does not enjoy the same attention as physical health people suffering from a mental illness not only have to cope with their symptoms they face prejudices wrong stereotypes and stigma regularly hence one intention should be to set an end to stigma also within the working context especially during the covid 19 pandemic our health and the well being of the people we care about is a matter of daily concern the threat to our physical health is immense nevertheless due to lockdowns minimization of social contacts and recommendations to stay home we are further reminded that a good health itself is characterized not only by physical health but also by our mental health

jen robin is not just an organizer she is a teacher and a healer as she helps sort our stuff she is also sorting our values emotions relationships and dreams she is a magician and this book will work magic on your home and life glennon doyle 1 new york times bestselling author of untamed in this essential guide the creative force behind the popular organization company life in jeneral reveals her emotionally engaged approach to decluttering a unique process that empowers people to re envision their spaces to suit their evolving needs life is about connection not collection jen robin s company life in jeneral focuses on the soul work of home organization the psychological and emotional foundation necessary for creating a streamlined and sustainable lifestyle for jen change comes from within a process that to succeed must begin with the heart americans are spending more time at home than ever before and many have come to realize that their living spaces aren t serving them we have too many things resulting in physical and mental clutter and the organizational strategies we try only go so far leaving us feeling disconnected and disheartened life in jeneral helps you build healthier mental habits that allow us to break free from the clutter while providing traditional strategies to get and stay organized beautifully designed and featuring examples from jen s personal experiences and those of her clients life in jeneral teaches us how to flip common mental blocks that prevent us from organizational success identify and tackle clutter magnets the spaces where things seem to gather discover common emotional baggage keyed to specific types of clutter organize and evolve specific spaces in the home room by room life in jeneral offers a holistic approach to organization once we understand
