mission india a vision for indian youth has been written with the intention of challenging the indian youth to bring about a positive change in the country by 2020 kalam starts off by telling the readers that there has never been a time in indian history such as this where the nation has 540 million youth and 20 million indians across the globe he also states that several developed countries have directed their efforts towards setting up research centers across the country which has benefited scientists engineers and professionals from various spheres kalam and rajan tell the readers about their goal to make india one among the five top economic powers in the world by 2020 in the beginning of this book kalam presents the readers with a question as to whether india can become a developed country he then provides insights into the current situation in the country and explains that this goal is a realistic one in the subsequent chapters kalam and rajan begin to examine the five industries that need to become reasonably self

sufficient in the coming years and each chapter tells the readers what can be done to bring a positive change in each industry they also tell the readers about the current education system in the country and the latest technology that can be used to improve the quality of education the readers are also given insights into the present healthcare industry and infrastructural system which are trademarks of a developed nation kalam and rajan conclude by telling every individual and organization about the role they can play in transforming the nation by 2020

this publication discusses india s development and future covering a wide range of issues across several important areas demography employment agriculture finance social security health education women empowerment infrastructure it environment rural development urbanisation governance defence global trends and their implications for india and other interrelated concerns that require to be focused upon to give a fairly comprehensive picture of india approaching 2020

in this ground breaking vision document first published in 1998 dr a p j abdul kalam and y s rajan offer a blueprint for india to be counted among the world s top five economic powers by the year 2020 they cite growth rates and development trends to show that the goal is not unrealistic past successes the green revolution and satellite based communication linking remote regions of the country for instance bear them out the same sense of purpose can make us a prosperous strong nation in a matter of years assert kalam and rajan this is a book that every citizen who hopes for a better india must read

india 2020 is about to become a reality are we ready as dr kalam and y s rajan had contended in their landmark vision document india 2020 india has steadily moved towards becoming one of the top five economic powers in the twenty first century india s growth story has seen new opportunities and emerging technologies that make faster and more inclusive growth viable in beyond 2020 kalam and rajan argue that a renewed policy focus is now needed for agriculture manufacturing mining the chemicals industry healthcare and infrastructure to invigorate these sectors and boost economic growth india can still make it to the list of developed nations in a decade this timely book provides an action plan for that transformation

darshan s book the aspirational india vision for the decade ahead presents a youth s perspective of the aspirations for the country and elaborates on his vision for 2030 the book discusses the action plan and priority areas for the coming decade

the idea of vision 2020 had its origin in an exercise organised by the technology information forecasting and assessment council

tifac an arm of the department of science and technology government of india around 1995 sri y s rajan its executive s

largely composed of excerpts from the writings of t l vaswani
