changes in family structures demographics social attitudes and economic policies over the last 60 years have had a large impact on family lives and correspondingly on family law the second edition of this handbook draws upon recent developments to provide a comprehensive and up to date global perspective on the policy challenges facing family law and policy round the world the chapters apply legal sociological demographic and social work research to explore the most significant issues that have been commanding the attention of family law policymakers in recent years featuring contributions from renowned global experts the book draws on multiple jurisdictions and offers comparative analysis across a range of countries the book addresses a range of issues including the role of the state in supporting families and protecting the vulnerable children s rights and parental authority sexual orientation same sex unions and gender in family law and the status of marriage and other forms of adult relationships it also focuses on divorce and separation and their consequences the relationship between civil law and the law of minority groups refugees and migrants and the movement of family members between jurisdictions along with assisted conception surrogacy and adoption this advanced level reference work will be essential reading for students researchers and scholars of family law and social policy as well as policymakers in the field

this book takes stock of german gender equality in several policy fields after 16 years of governments led by angela merkel and her conservative christian democratic party cdu while maintaining its status as an economic engine in europe germany has historically been a laggard

in adopting gender equality measures the european gender equality index however now ranks germany relatively high and shows substantial progress since 2005 while this has gone mostly unnoticed germany has passed far reaching legislation in major policy fields relevant for gender equality investigating the effects of merkel s tenure on gender equality the chapters in this volume assess policy output and outcomes with a focus on internal power dynamics in germany as well as international and european union eu level pressures in the policy domains of political representation lgbti rights migration the labor market and care it examines how policy measures introduced by conservative governments affect gender norms and gender culture and if they ultimately lead to effective implementation and greater equality the book argues that merkel often led from behind indirectly facilitating claims making instead of proactively pushing them this nonetheless contributed to transformative change in germany by merkel not blocking policy proposals and allowing civil society groups and rival parties to push many progressive gender policies leading from behind gender equality in germany during the merkel era is a fascinating read for students researchers and academics interested in european politics political leadership gender equality and lgbti politics this book was originally published as a special issue of german politics

this handbook brings together scholars from various disciplines and from around the world to examine the history characteristics effects viability and implementation of basic income the first edition of this book contributed a comprehensive treatment of multiple aspects of the basic income debate this updated expanded edition tackles new topics that are becoming increasingly prominent in the global debate new chapters are devoted to recent research on the history of basic income the development and peacemaking potential of basic income in conflict zones municipal experiments in the united states requirements for pilot projects and experiments and the public health implications of basic income existing chapters on the implementation of basic income have also been substantially updated to take account of new research on microsimulation land value tax local currencies and blockchain technology and cryptocurrency along with new material on the increasing use of opinion polls and the difficulties related to that new political and ethical perspectives on the role of trade unions and their increasing engagement with the basic income debate are also introduced while the section on pilot projects and experiments has been updated to cover recent political developments fully updated

to reflect new global developments in the basic income debate this handbook will be of interest to researchers teachers and research oriented policymakers in a range of fields
