the growth of world trade has been stagnant in recent times trade liberalisation now has been challenged the recent rise of anti globalisation calls for a better integration in east asia how should east asia manage its openness this book provides profound analyses on rules of origins non tariff measures restrictiveness in services and investment it gives insight into how east asian countries should shape its trade investment and industrial policies this book helps to answer what kind of a better integration it should be and how east asia can realise it the open access version of this book available at taylorfrancis.com/books/10.4324/9780429433603 has been made available under a creative commons attribution non commercial no derivatives 4.0 license

both international trade and investment by east asian countries have become significantly regionalized to support this development further efforts for regional integration have flourished in the forms of bilateral and regional free trade agreements and the asean 3 and east asia summit processes among many others this book is a compilation of papers and discussions originally presented at the international symposium held during the recent global financial crisis the symposium aimed to shed light not only on the usual economic aspect but also on other aspects of the multidimensional phenomenon called regional integration thus in this volume the authors explore the relationship between the u s influence and east asian

regionalism the characteristics of east asian integration and the politics of inclusion exclusion in the integration process in addition they point out some missing links in integration efforts such as cooperation in the areas of logistics finance trade in services infrastructure and human resource movement since the global financial crisis did not deter integration efforts rather it has encouraged them this book serves as a guide for future east asian integration in terms of what to expect and what is to be done

multinationals and east asian integration

this book examines the economic political and institutional dimensions of pan asian integration with little progress made in the doha round there is heightened interest in deeper regional integration in asia the book explores regional patterns of trade and investment and the potential for deeper integration

this book offers a fascinating exploration of the contradictions of east asian economic integration a topic of enormous contemporary significance to observers of world political and economic affairs the collection provides an unusually rigorous and systematic treatment of this important topic drawing on contributions from an impressive array of experts it will provide a valuable resource for students scholars and other observers seeking deeper understanding of the contemporary dynamics and challenges of east asian integration kate macdonald university of melbourne australia east asia is a crucial part of the global economy this book analyses three key elements of east asian economic integration trade investment and international finance the authors are leading experts in their fields their book represents an important addition to the literature on a subject of fundamental importance both regionally and globally bradly j condon itam mexico city this book analyses recent developments and likely future paths for trade and

financial integration in east asia it suggests a more coherent balanced way forward for regional economic integration and analyses implications for institution building in east asia east asia has achieved a high degree of intra regional trade investment and gdp correlation through an expanding web of free trade agreements and production networks however financially most regional economies are linked more closely to north america and europe than to each other as trade integration has accelerated financial and monetary integration has not kept pace east asian economic integration analyses potential reasons and remedies for this phenomenon through a multidisciplinary framework of law politics and economics this comprehensive book will appeal to researchers and students in political science international relations trade law international finance law and regional studies generally it will also be of great interest to regional

an exploration of the evolution of regionalism and regional economic relations in east asia since the late 1990s the book analyzes moves towards free trade agreements cooperation in information technology energy and environment and agriculture by highlighting preferences and actions of governmental and business actors

organized in distinct historical periods each chapter covers the parallel political social economic and cultural developments in china japan and korea by placing the three histories in parallel rather than separating each national narrative this book revolutionises the way east asian history is taught

since the late 1970s a number of regional developments have impacted upon south korea s political and economic standing in asia china s spectacular growth and closer integration with its neighbouring economies along with a tendency toward more assertive political and

diplomatic activity have deeply altered both the economic and political east asian environment simultaneously the 1997 98 financial crisis catalysed a process of increased regional co operation in east asia china s rise has imposed a leadership problem that may constitute a major obstacle on the road to deeper regional integration as well as add force to the need for collective action and it is this paradox that may give south korea a key role in the reorganization of the region moreover inter korean relations and korea s future security environment may also feel the effects of the rise of china korea in the new asia seeks to analyze to what extent and how south korea may contribute to and take advantage of the new regional configuration in east asia the book represents the first study to address korea s regional policy responses to the rise of china as an economic power and the regional economic integration of east asia written by an international team of experts this multidisciplinary study will appeal to researchers academics and students with an interest in international relations security studies economics and east asian politics

this book presents a deeper understanding of the on going de facto economic integration in east asia looking at the extent of economic integration what sort of integration has been accomplished and comparing the level of integration reached and the path followed to that of the european union

this book claims that de jure economic integration is in progress in east asia after the advancement of de facto integration the book contains new international trade theory spatial economics data work empirical studies and field studies on various scenarios of de jure economic integration

provides analyses on the politico economic relationship between japan and china and a

comparison of economic strengths between china and india in east asian economic integration provides an overall analysis on east asian economic integration including some observations on the recent development and future prospects of the region

for more than half a century east asia has been the most dynamic and resilient economic region in the world following japan s success in its post world war two reconstruction and industrialisation a good number of east asian economies flourished the latest and the most extraordinary case is that of china s rapid economic development as the largest economy in the region china pledged to play a leading role in promoting regional economic prosperity china s economic relations with its east asian neighbours have been complex and have nonetheless grown in strength this edited volume examines china s key economic relations and efforts in participating and promoting economic globalisation as well as the overall development of east asian economic integration this book focuses on china s importance and efforts in east asian economic integration by examining the changing patterns of the growing east asian production network reviewing the process and achievement of china s efforts in internationalising its currency and evaluating the efforts to internationalise chinese firms it elaborates china s economic relations with individual neighbouring east asian economies such as taiwan hong kong asean korea and japan it discusses the political economy aspect of east asian economic integration and describes the origins and processes of east asian economic integration from the flying geese model to the numerous free trade arrangements involving the region

this comprehensive handbook provides an in depth analysis of the nature of east asian economic integration alongside thoughtful insights into contemporary issues such as agricultural development structural transformation and east asian trade alongside skills and human capital development policies of asean contributors also provide detailed explanations on

trade poverty and aid for trade institutional reforms regulatory reform and measuring integration

production networks have been at the heart of the recent growth in trade among east asian countries fragmentation trade reflected mainly in the trade in parts and components is expanding more rapidly than the conventional trade in final goods this is mainly due to the relatively more favorable policy setting for international production agglomeration benefits arising from the early entry into this new form of specialization considerable intercountry wage differentials in the region lower trade and transport costs and specialization in products exhibiting increasing returns to scale the economic integration of china has deepened production fragmentation in east asia countering fears of crowding out other countries for international specialization international production fragmentation in east asia has intensified intraregional trade but has depended heavily on extraregional trade in final goods while production networks centered on china have contributed significantly to growth in east asia they also breed vulnerabilities they have not automatically led to technology spillovers and have led to an extreme interdependence across east asian countries

national strategies for regional integration south and east asian case studies examines how each country s integration with its neighbours and more distant regional economies might be improved the country cases illustrate the diversity of asian development experience and offer lessons for other countries and regions interested in developing national strategies to foster regional integration

asian regional integration which has shown remarkable progress since the end of the 1990s is at a major crossroads it faces confusion of and debate over the direction and effectiveness of

integration as well as friction brought about by the rise of china meanwhile the changing balance of power among nations the rise of nonstate actors the internationalization of internal problems and the internalization of international problems are rendering the cross national structure of asia increasingly complex and multilayered signs of instability of the global economy are growing and environmental and resource challenges are deepening east asia needs new approaches to understanding the state of regional integration and mechanisms to address the challenges regional integration in east asia is the culmination of five years of intensive research on asian regional integration by waseda university it reexamines theoretical approaches to comprehending the actual state of integration in the region and presents the most compelling ones it also examines the state of cooperation in asia in areas ranging from the economy to energy and the environment security and education in addition the book offers long term historical perspectives including those of japan asean and china on asian regional integration thus it sheds light on diverse aspects levels of analysis and time spans and offers a comprehensive portrayal of the actual condition of asia and the state of attempts to build regional cooperation and institutions this volume will open a new research frontier in asian regional integration research
