this accessible collection examines twelve historic events in the international relations of east asia

modern east asia details the history of the region while recognizing the intellectual religious artistic economic and scientific contributions east asians have made to the contemporary world the three national narratives of china japan and korea are told separately within each

chapter and the text emphasizes connections among them as well as the unique evolution of each society allowing readers to experience the individual countries histories as well as the region's history as a whole the text takes into consideration the radical changes in the field of history in the past 40 years as the authors have incorporated scholarship in areas such as gender studies social history and minority histories while reading social economic and personal histories students will uncover the evolution of family structures peripheral and outcast communities the sociopolitical power of language and literature the rise of nationalism and regional trading networks attention is also paid to environmental and diplomatic themes

drawing on work in a range of disciplines including history anthropology demography development environmental studies political studies health sociology and the arts this work approaches east asia from new perspectives the book looks at contemporary japan and korea and focuses on many facets of chinese culture artistic production economic development digital issues education and international collaboration

written with rare mastery and a sure sense of the essential this concise general history of modern east asia offers students and general readers an understanding of this dynamic region from a global perspective it is the ideal introductory text for college survey courses in asian and international studies following an introductory discussion of the regional concept the first two chapters lay the foundations chapter 1 describes east asia's geographical human cultural economic social and political setting as it has evolved over the past several millennia and the three major belief systems confucianism buddhism and islam chapter 2 presents a panoramic view of the region ca 1800 the chapter introduces the *dramatis personae* the chinese japanese koreans vietnamese thai burmese indonesians filipinos and others and describes their interactions with each other and with imperial china the following three chapters deal with european expansionism and east asians responses to the civilizational challenge the stirrings of nationalism in reaction to european colonial rule and the remarkable rise of imperial japan chapters 6 and 7 trace japan's bid to lead a pan asianist revolt against the twin threats of western liberalism and soviet communism and the ensuing pacific war chapters 8 and 9 span the cold war era from postwar u s hopes for a pax americana to the division of east asia into communist and anti communist blocs the sino soviet split and the sino american rapprochement of the early 1970s open the way to the east asian miracle and a resurgence of east asian regionalism surveyed in

chapter 10 a concluding chapter considers the prospects for continued economic dynamism and the balance of nationalism and pan asian trends in shaping the future

histories of east asia traditionally emphasize china and japan and neglect korea and vietnam essentially 20th century east asia is re written into the past as though china and japan was always the core of east asian development this is not at all how east asia developed chinese prehistoric cultures became historic in the 18th century b c japan was not part of east asia for over 2300 more years by studying periods of chinese unity and disunity and their effects on china s neighbors korea and vietnam a distinct culture zone east asia gradually emerged and slowly included japan the main elements of east asia cultural social political philosophical religious and linguistic were derived from china but the others were not minor replicas of china each was unique its people ethnically distinct from china and each other its native language and linguistic blend with chinese also unique korea and vietnam resisted chinese colonization but adopted and adapted advance chinese elements to their own needs emerging later japan underwent wholesale adoption of tang china s advances replicated in the 19th century when japan was the first east asian country to modernize spanning some thirty eight centuries from the 18th century b c to 2012 a d this diversity with common elements derived from china is a major theme of this work it is often overlooked by those who prefer general views based on surface impressions to more complex realities the former often lead to mistakes the latter become the basis for more sound understanding after all these four countries and people share the eastern end of the eurasian continent yet each country s geographic situation is also unique as the twenty first century continues to unfold this new approach to east asia should help to produce clearer and more accurate understanding of this important world region

designed for the east asian history course these texts feature the latest scholarship on the region and offer a range of cultural political economic and intellectual history coverage is balanced among east asian regions with approximately 20 percent of the complete volume focused on korea an area that has become increasingly important in east asian courses and in world politics special attention is devoted to coverage of gender and material culture themes that are reinforced through the text s pedagogical features color inserts illustrate the rich artistic heritage of east asia and bolster the coverage of material culture

engaging integrated and analytical east asia a new history provides a comprehensive history of the east asian countries and addresses a diverse range of social economic and intellectual topics this accessible and richly illustrated book examines china japan korea and vietnam and includes coverage of the common people the environment and the experiences of women topics that are often neglected in other books market appropriate for anyone interested in the history of east asia 73 99350 7

this text analyses the economic relationship that has evolved between the european union and east asia and its future prospects especially in the wake of the financial crisis that shook east asia

an overarching ambiguity characterizes east asia today the region has at least a century long history of internal divisiveness war and conflict and it remains the site of several nettlesome territorial disputes however a mixture of complex and often competing agents and processes has been knitting together various segments of east asia in remapping east asia t j pempel suggests that the region is ripe for cooperation rather than rivalry and that recent region building developments in east asia have had a substantial cumulative effect on the broader canvas of international politics this collection is about the people processes and institutions behind that region building in it experts on the area take a broad approach to the dynamics and implications of regionalism instead of limiting their focus to security matters they extend their discussions to topics as diverse as the mercurial nature of japan s leadership role in the region southeast asian business networks the war on terrorism in asia and the political economy of environmental regionalism throughout they show how nation states corporations and problem specific coalitions have furthered regional cohesion not only by establishing formal institutions but also by operating informally semiformally or even secretly

from the foundations in global studies series this text offers students a fresh comprehensive multidisciplinary entry point to east asia after a brief introduction to the study of east asia the early chapters of the book survey the essentials of east asian history important historical narratives and the region s languages religions and global connections students are guided through the material with relevant maps resource boxes and text boxes that support and guide further independent exploration of the topics at hand the second half of the book features interdisciplinary case studies each of which focuses on a specific country or region and a particular issue each chapter

gives a flavor for the cultural distinctiveness of the particular country yet also draws attention to global linkages readers will come away from this book with an understanding of the larger historical political and cultural frameworks that shaped east asia as we know it today and of current issues that have relevance in asia and beyond

long before the arrival of western emissaries and powers east asian peoples and states were deeply involved in world affairs in this sweeping account warren i cohen explores four millennia of international relations from the vantage points of china japan korea and southeast asia writing incisively and authoritatively for readers at all levels cohen paints a broad but revealing portrait of east asia s place in the world he defines the region s boundaries widely looking beyond china japan and korea to include southeast asia and extends the scope of international relations to consider the vital role of cultural and economic exchanges cohen examines the system of chinese domination in the ancient world the exchanges between east asia and the islamic world chinese sea voyages to arabia and east africa and the emergence of a european defined international system he chronicles the new imperialism of the 1890s the ascendancy of japan the trials of world war ii the drama of the cold war and the transformations of east asian states toward the close of the twentieth century by showing that east asia has often been preeminent on the world stage this book not only recasts the past but also adds crucial historical perspective on international politics today this second edition of east asia at the center features new material on the first decades of the twenty first century

east asia is normally identified as a group of countries lying along the western edge of the pacific ocean but scholars have begun thinking about a east asia that is a community rather than a set of sovereign states this book looks at east asia from a northeast asian perspective

the second edition of charles holcombe s acclaimed introduction to east asian history from the dawn of history to the twenty first century

examines the rise of east asia as one of the world s economic power centres from three temporal perspectives 500 years 150 years and 50 years each denoting an epoch in regional and world history and providing a vantage point against which to

spanish edition *experiencia de asia oriental* east asian policies that fostered economic growth reduced poverty and raised living standards are the main theme of this cogent overview seven newly industrialized economies nies are described and compared they are hong kong indonesia korea malaysia singapore taiwan and thailand these country studies examine the macroeconomic policies common to nies they review the highly flexible government interventions that succeeded in developing key industries and the more aggressive interventions that led to failure the role foreign direct investment plays in producing dramatic growth is also discussed also available in english isbn 0 8213 2607 4 stock no 12607

in the twenty first century east asia has been increasingly marked both by tensions at a government level and a chauvinistic mood among the polity while china s rise is in one respect the proximate driver of these changes in tone it draws on a range of unresolved grievances among the respective historical narratives of mainland china taiwan japan and the koreas these conflicting views of the region s past are a crucial barrier to its cohesive and stable future this book brings together east asian scholars from a range of academic disciplines including china historians political historians and political scientists to illuminate the interconnectedness of east asia and discuss how a shared historical narrative might be constructed their contributions are organised into 3 parts focusing respectively on historical narratives of china historical narratives of east asia and reconciling historical narratives the book will appeal to researcher interested in the historical narratives of international relations in east asia

education in east asia varies widely due to the cultural and political histories of each country the communist governments of china north korea and vietnam mandate schooling differently from the limited democracy of hong kong and the parliamentary government of japan the history of the educational philosophies systems and curricula of seventeen east asian countries are described here with a timeline highlighting educational developments and a special day in the life feature a personal account of what it is like for a student to attend school in that country

china and east asian strategic dynamics the shaping of a new regional order edited by mingjiang li and dongmin lee examines how china s remarkable economic growth and its proactive diplomatic efforts in recent years have not only shored up its importance in global

issues but also induced a transformation of the strategic dynamics in east asia the authors argue that major power relations in the region appear to be driven by some new momentum along with the changing international environment the contributors of this edited volume are well known scholars in their areas of specialty and the book is divided into five parts the first part discusses china s soft and hard power in east asia the second examines china and the strategic interactions between major powers this particular section is devoted to discussion on the strategic responses of the major regional powers the united states japan korea india and asean to china s rise part three focuses on china s strategic approach to east asian regionalism of particular note are china s active leadership role in institution building efforts strategic calculations and preference for an informal approach the fourth section analyzes the cross taiwan strait relations and their impact on both china and east asia the final section of china and east asian strategic dynamics addresses the issue of china and maritime order in east asia china and east asian strategic dynamics the shaping of a new regional order edited by mingjiang li and dongmin lee is a pioneering work given that the rise of china is a prominent issue in politics and economics worldwide this edited collection is essential for a wide audience of policy makers academics and students alike

this book is the text of the singapore lecture delivered by junichiro koizumi on 14 january 2002
