a project based guide to help you create package and deploy desktop applications on multiple platforms using modern javascript frameworks key featuresuse your web development skills with javascript and node js to build desktop applications for macos and windowsdevelop desktop versions of popular mobile applications that are similar to slack spotify and moredesign desktop apps with automatic updates and real time analytics capabilitiesbook description the electron framework allows you to use modern web technologies to build applications that share the same code across all operating systems and platforms

this also helps designers to easily transition from the web to the desktop electron projects guides you through building cross platform electron apps with modern web technologies and javascript frameworks such as angular react js and vue js you ll explore the process of configuring modern javascript frameworks and ui libraries real time analytics and automatic updates and interactions with the operating system you ll get hands on with building a basic electron app before moving on to implement a markdown editor in addition to this you ll be able to experiment with major javascript frameworks such as angular and vue js discovering ways to integrate them with electron apps for building cross platform desktop apps later you ll learn to build a screenshot snipping tool a mini game and a music player while also gaining insights into analytics bug tracking and licensing you ll then get to grips with building a chat app an ebook generator and finally a simple digital wallet app by the end of this book you ll have experience in building a variety of projects and project templates that will help you to apply your knowledge when creating your own cross platform applications what you will learn initialize node js node package manager npm and javascript to set up your app integrate phaser with electron to build a simple 2d game improve app quality by adding an error tracking system and crash reports implement group chat features and event handling capabilities using firebase integrate a wordpress like rich text editor into your app build electron applications using a single codebase who this book is for this book is for javascript developers who want to explore the electron framework for building desktop apps working knowledge of modern frontend javascript frameworks and node js is assumed no prior knowledge of desktop development is required

the book presents a detailed description of brief existential psychotherapy bep based on an articulated model integrating knowledge from existential psychotherapy psychobiology of human stress mind body techniques and principles of positive psychiatry and psychology bep is conducted according to a pragmatic method centered on the view of one s existence analysis and response to critical life stress events designing a route of acceptance and search for meaning in life bep does not substitute other psychotherapies or their indications it is born for the short term treatment of crises after severe life stress events such as deaths of loved ones losses divorce retirement personal or collective emotional traumas major violations of law and detention in jail with a particular emphasis on severe somatic diseases cancer myocardial infarction stroke degenerative diseases and other subacute or chronic conditions that change life s perspective the volume presents a methodology of bep based on traditional clinical psychopathology with a first step of medical and psychopathological assessment establishing a categorical and a dimensional diagnosis then

subsequent steps are provided in a brief psychotherapy course with a more common format of 12 to 20 sessions 1hr duration the issues and aims of treatment are transversal across different psychiatric diagnoses meaning the intervention follows similar activity lines independently from the specific categorical diagnosis the intervention is dedicated to people with existential suffering without psychopathological diagnosis too medical therapy and psychopharmacological treatment are given according to patient needs there is no preclusion toward the integration between psychotherapy and psychopharmacotherapy as well as other techniques with evidence of efficacy moreover in some cases appropriate psychopharmacotherapy consents to psychotherapy impossible otherwise this volume will be an invaluable tool for psychotherapists psychologists psychiatrists counselors social workers and other medical professionals

the goal of a high quality cost effective and accessible health care for patients is achieved through constructing a team based and patient centered health care delivery system the expanded role of pharmacists uplifts them to patient care from dispensing and manufacturing or marketing of drugs along with doctors and allied health professionals pharmacists are increasingly recognized as an integral part of the patient care team furthermore colleges of pharmacy need to revise and up date their curricula to accommodate the progressively increasing development in the pharmaceutical education and the evolving new roles of practicing pharmacists in patient care settings this book focuses on the expanded role of the pharmacists in total patient care including prescribing dispensing compounding administering and monitoring of drugs at home hospital community hospice critical care changeover and other care settings the sector is emerging in both developed and under developed countries overburdened by patient loads and the explosion of new drugs physicians turned to pharmacists more and more for drug information especially within institutional settings and today s patient care pharmacists are taking more interests in medication review and reconciliation patient education and counseling creating drug therapy regimen and monitoring compliance the purpose of this book is to guide the pharmacists in their daily interactions with patients and to ensure collaboration with other health professionals the contents are mostly based on recently published articles related to patient care with most recent ideas and activities followed by the patient care pharmacists around the globe however a pharmacist implements the care plan in collaboration with other health care professionals and the patient or caregiver along with professional guidelines the book discusses the concepts and best practices of patient interaction patient rights and ethical decision making for the professional pharmacist apprentice and student in every chapter the role of pharmacists in that chapter specific issues are detailed

explicitly so that a professional pharmacist or a student can figure out his or her do's and don'ts in that specific situation moreover further reading references are listed as future recommendations so the book is an archive of potential references too among so many books about patient care either doctors or nurses roles are highlighted the proposed book highlights the pharmacists roles and responsibilities to the most separated from those of doctors and nurses with the most recent information obtained from most publications in several journals books bulletins newsletter magazines etc

this issue of dermatologic clinics guest edited by dr murad alam is devoted to practice gaps in dermatology articles in this issue include psoriasis and papulosquamous disorders blistering diseases disorders of the nails disorders of the hair infections abnormal pigmentation lupus scleroderma dermatomyositis genodermatoses pruritus drug reactions dermatoses of pregnancy contact dermatitis acne and rosacea radiation therapy surgery for skin cancer cosmetic dermatologic surgery light laser and energy treatments and melanocytic lesions and melanoma

this research topic is hosted in partnership with the grazing in future multi scapes international workshop the workshop will be held online 30th may 5th june 2021 throughout different landscapes of the world grazing herbivores fulfill essential roles in ecology agriculture economies and cultures including families farms and communities not only do livestock provide food and wealth they also deliver ecosystem services through the roles they play in environmental composition structure and dynamics grazing as a descriptive adjective locates herbivores within a spatial and temporal pastoral context where they naturally graze or are grazed by farmers ranchers shepherds etc in many cases however pastoralism with the single objective of maximizing animal production and or profit has transformed landscapes diminishing biodiversity reducing water and air quality accelerating loss of soil and plant biomass and displacing indigenous animals and people these degenerative landscape transformations have jeopardized present and future ecosystem and societal services breaking the natural integration of land water air health society and culture land users policy makers and societies are calling for alternative approaches to pastoral systems a call for diversified adaptive and integrative agro ecological and food pastoral systems designs that operate across multiple scales and scapes e.g. thought social land food health wild scapes simultaneously there needs to be a paradigm shift in pastoral production systems and how grazing herbivores are managed grazed within them derived initially from a change in perception of how they provide wealth the thoughtsapes will include paradigm shifts where grazers move away

from the actual archetype of pastoralism future landscapes are re imagined and regenerative and sustainable management paradigms are put in place to achieve these visions from this will come a change in collective thinking of how communities and cultures socialscapes perceive their relationships with pastoral lands the landscapes are the biotic and abiotic four dimensional domains or environments in need of nurture landscapes are the tables where humans and herbivores gain their nourishment i e foodscapes foodscapes and dietary perceptions dictate actions and reactions that are changing as developed countries grapple with diseases related to obesity and people starve in developing countries societies are demanding healthscapes and nutraceutical foodscapes and paradoxically some are moving away from animal products while indigenous species of animals including humans wildscapes have been displaced from many of their lands by monotonic pastoralism multifunctional pastoral systems can be designed in view of dynamic multi scapes of the future the purpose of this research topic is to influence future mental and practical models of pastoralism in continually evolving multi scapes we seek a collection of papers that will cultivate such a shift in thinking towards future models of sustainable multipurpose pastoralism the contributions will be synthesized to establish how multifunctional pastoral systems can be re imagined and then designed in view of the integrative dynamics of sustainable future multi scapes
