leadership coupled with learning is an ongoing process in which everyone has a participatory role in school or district change efforts providing a useful antidote to the plethora of packaged curriculum and external professional development providers this book focuses on reclaiming agency advocacy and inquiry for leaders and teachers in the places they know best their schools and districts doing so requires imagination cooperation and transparency as such the authors provide evidence from multiple school and district educators who are cultivating change from within by disrupting and dismantling systems and drawing on internal assets to address equity driven challenges as a result educators can and should become researchers of their own practices this resource offers a set of evidence based principles processes and protocols that increase equitable access and support educators to breathe joy and justice into schools and communities book features educational change reimagined as reinvesting in the collective power of the people closest to the issues guidance based on evidence from multiple school and district change efforts documented and described by the authors use of evidence to organize more productive informal and formal professional learning driven by practitioner agency and inquiry text boxes called voices from the field provide stories of practices from practitioner researchers access to useful and equitable processes and protocols for the professional learning of educators evidence from school and district leaders underscores the complex work of leading and learning from within and how to do it

mentoring the mentor recreates a freirian dialogue in a printed format in this volume sixteen distinguished scholars engage in a critical and thoughtful exchange with paulo freire while some contributors voice appreciation for freire s ideas and for what it means to reinvent freire in a north american context others offer sharp critiques of freire s philosophy and of equal importance of the various interpretations of his work a variety of chapters describe specific uses which have been made of freire s ideas in

diverse educational contexts from the new york city public schools to the revolutions in guinea bissau and eritrea finally paulo freire himself responds to the major issues which are raised in the volume and invites readers to share in a continuing lively dialogue about the meaning of democratic and revolutionary education the fundamental task of the mentor is a liberatory task it is not to encourage the mentor s goals and aspirations and dreams to be reproduced in the mentees the students but to give rise to the possibility that the students become the owners of their own history this is how i understand the need that teachers have to transcend their merely instructive task and to assume the ethical posture of a mentor who truly believes in the total autonomy freedom and development of those he or she mentors from chapter sixteen a response by paulo freire

this book examines the idea of good education which is thought to include a scientific and technical component a mathematical component a writing component and an ethical and aesthetic component bunn proposes a new three way intersection in these teachings the basic sciences and mechanics of leveraging on a seesaw the basic formulations of patterning an algebraic equation and the basic rules for writing a sentence in english in all three forms of inquiry balance is the mainstay through which problems in us middle school education are brought together and analyzed

this book examines the role of reason in faith helping you use your intellect to further god s kingdom

contains abstracts in the field of mathematics education extracted from documents worldwide
