through the example of baltimore maryland david taft terry explores the historical importance of african american resistance to jim crow laws in the south s largest cities terry also adds to our understanding of the underexplored historical period of the civil rights movement prior to the 1960s baltimore one of the south largest cities was a crucible of segregationist laws and practices in response from the 1890s through the 1950s african americans there like those in the south s other major cities shaped an evolving resistance to segregation across three themes the first theme involved black southerners development of a counter narrative to jim crow s demeaning doctrines about them second through participation in a national antisegregation agenda urban south blacks nurtured a dynamic tension between their local branches of social justice organizations and national offices so that southern blacks retained self determination while expanding local resources for resistance third with the rise of new antisegregation orthodoxies in the immediate post world war ii years the urban south s black leaders citizens and students and their allies worked ceaselessly to instigate confrontations between southern white transgressors and federal white enforcers along the way african americans worked to define equality for themselves and to gain the required power to demand it they forged the protest traditions of an enduring black struggle for equality in the urban south by 1960 that struggle had inspired a national civil rights movement

this book seeks to explore how disability is understood and the position and experiences of disabled people both within and across different societies the authors explore the question of politics in relation to specific struggles providing a wealth of insights and ideas and examine the nature and value of a social model of disability they criticize exclusionary barriers while advancing a more democratic and participatory society based on principles of equality offer cross cultural insights and present stimuli for debate and further research the text is accessible topical and provides new and innovative thinking this book will appeal to undergraduate and postgraduate students lecturers and researchers with interests in education social policy sociology and disability studies

the book examines several models which have been advocated for a workable and acceptable solution to the kurdish problem which would be absolutely necessary for stability in the west

asian region the book evaluates how the more than two decade long experience of kurdish self rule in a democratic framework in iraqi kurdistan affects the debate over the other kurdish regions in west asia with turkey s european union accession process contributing to the opening of the political space to ethno nationalism there is a need for a non military solution to the kurdish issue the book analyses the role of kurdish diaspora which plays a significant part in placing the kurdish question on the european political agenda it also examines the role of the kurds in the aftermath of the arab spring and the changing geopolitics in the region now the kurds maintain the strongest platform in battling against the isis terrorists

asserting a critical sociological perspective human rights praxis and the struggle for survival reveals the contested historical processes through which fundamental human needs are constructed as rights under international law and how those rights are confronted by the ruling relations and crises inherent to contemporary global capitalism and the waning american hegemonic world order put simply the book explores why human rights as a formal legal project has failed to deliver on guaranteeing human survival let alone universal human dignity rather than stopping at critique the authors propose a specific materialist intellectual and political agenda for the preservation of collective human survival that can achieve the historically unique notions of common humanity and human emancipation the authors build on previous work further developing the sociology of human rights as a distinct field at the intersection of social sciences and international law they take on several provocative theoretical debates such as those over connections between racism and capitalism the existence of a global or transnational police state the control growth and exploitation of migrants migration and the complex relationship between political repression and various forms of domination human rights praxis and the struggle for survival offers critical analysis of contemporary politics and options for students scholars organizers and stakeholders to grapple with some of the most pressing social problems of human history

the six pamphlets in this book reflect the indomitable spirit of kwame nkrumah the symbol of fighting africa the first what i mean by positive action was written in 1949 when the campaign for the independence of ghana was at its height the other five pamphlets were all written between 1966 and 1968 in conakry guinea where this great pan africanist carried on the socialist revolutionary struggle to which he devoted his whole life not only is kwame nkrumah s theoretical work highly original and consistent it is also a practical guide to revolutionary

action
