in today's fast changing healthcare landscape this comprehensive edition delves into the critical domains of management and leadership in healthcare drawing on global real world experiences few resources address these essential areas with such depth offering valuable insights aimed at advancing universal health coverage and sustainable development goals this book bridges the gap as a curriculum aligned reference for students academicians public health professionals and healthcare managers uniquely combining case based learning with practical examples it explores key topics from universal health coverage to the

transformative role of artificial intelligence in healthcare contributions from global experts representing esteemed organizations and institutions enhance its value designed to empower readers with a robust understanding of management and leadership principles this book emphasizes practical applications in decision making critical thinking and operational efficiency a perfect blend of theory and practice it serves as an indispensable resource for academic learning and professional growth offering actionable solutions for healthcare challenges

co production of actionable knowledge as a development strategy entails working in partnership with different institutions and sharing power so that communities can participate in planning urban futures from housing access to land services and livelihoods co production strategies serve to advance collective interventions to improve inhabitation in cities around the world over time experiences of co production have generated critical insights about the opportunities and limits of such partnership strategies co production of knowledge in action engages with this critique from the perspective of practice it examines how co production is articulated and deployed in cities such as lima freetown kampala dar es salaam and delhi and explores ongoing experiences of co production inspired action mapping the different aspirations that inform co production practices and the impacts on urban communities while the volume recognises the limitations of co production and the ways it can serve to reproduce power structures if emptied of its political transformatory intent the authors also seek to understand the emancipatory potential of co production as an incremental strategy that has the power to transform urban planning practices

more than 1 2 million households in south africa live in informal settlements without access to adequate shelter services or secure tenure there has been a gradual shift to upgrading these informal settlements in recent years and there have been some innovative experiments upgrading informal settlements in south africa a partnership based approach examines the successes and challenges of informal settlement upgrading initiatives in south africa and contextualises these experiences within global debates about informal settlement upgrading and urban transformation the book discusses the south african informal settlement upgrading agenda from local national and international perspectives south african city experiences with informal housing and upgrading the role of partnerships actors and capabilities in pursuing an incremental upgrading agenda tools instruments and methodologies for incremental upgrading implications of the upgrading agenda for the transformation of cities the book has been written and edited by a wide range of practitioners and researchers from government ngos the private sector and academia it covers theory and practice and represents a vast accumulated body of housing experience in south africa

maternal health is a global priority and significant progress has been made in reducing maternal mortality rates in recent decades however disparities persist with sub saharan africa and south asia accounting for the majority of maternal deaths worldwide maternal health services are essential for reducing maternal mortality and improving maternal outcomes however a number of factors including individual household community and health system factors can affect whether or not women use these services in resource limited settings a number of factors can affect whether or not women use maternal health services these factors include individual characteristics such as age education level income employment status and marital status household factors such as income number of children and decision making power

community factors such as distance to health facilities quality of care cost of services and attitudes towards maternal health and health system factors such as availability of skilled health workers essential drugs and supplies and emergency obstetric care

household solid waste management is a severe problem in east africa capital cities domestic actors tend to be neglected in their role in solving the problem this book develops a new conceptual framework for analyzing the role of households in solid waste management in east africa s capital cities this conceptual framework is derived from the theory of the modernized mixture approach by focusing on households in informal settlements in particular domestic routines for handling wastes are analyzed for their technical and social dimensions by elaborating upon the technical and social aspects of domestic solid wastes and the role of householders in producing and handling these wastes this book adds to the scanty body of scientific knowledge of sustainable waste management by householders in east african countries the knowledge generated with respect to technical and social dimensions can be used in the future by researchers and policy makers in swm policies both in east africa and comparable situations elsewhere in the world

this edited collection from across the african continent offers a diverse set of analytical accounts that engage with the urban governance dynamics drivers and impacts of a wide variety of housing initiatives these include insights into the relationships between parties and actors undertaking developments or whose housing activities impact on the city the book illustrates issues of power distribution the visions or agendas motivating these actions and the instruments used to advance them it considers the rise of mega housing projects private sector driven residential developments unobtrusive transformations of existing building stock establishment and upgrading of informal settlements and state driven low cost housing schemes it surfaces the contestation collaborations and conflicts as well as the power relations that operate within cities and which are made visible on cityscapes housing and human settlement scholars as well as those interested in urban politics and governance dynamics in the global south and across the african continent will find much to appreciate in this volume

social capital may be defined as social networks the norms of reciprocity and trust that arise from them and the application of these assets in achieving mutual objectives social capital is quite important for the efficient performance of modern economies and for the development of a stable liberal democracy the creation of networks and trust ideas central to mainstream thinking about social capital seem to be fundamental in allowing change to occur smoothly this book proposes certain designs that appear to encourage the social interactions of sense of belonging that lie at the heart of the idea about social capital the role of social capital in the strategic organisation of family businesses are also explored while managers at other firms and government bureaucratic officials have a positive and monotonic relationship with performance that for social capital from politicians has a negative relationship with performance for non family businesses

this book is a study of the effects of global influences on local activity in relation to the land laws in some urban and peri urban localities in three african countries it begins with a theoretical consideration of the concept of globalization and of the way in which it may inform research in the social scientific study of law the three chapters which form the core of the book are detailed empirical studies of the effects of

globalizing processes on the living land laws observed in selected communities in benin ghana and tanzania the last chapter consists of some comparative conclusions the study is part of the interdisciplinary research program on local action in africa in the context of global influences humanities collaborative research centre sfb fk 560 at the university of bayreuth germany

based on a research study in four developing cities dar es salaam kumasi maseru and kathmandu contested space explores the survival strategies of street traders and their relationships with city governments and examines the practical and policy implications for pro poor street management
