in occupied egypt british governmental programs were closely related to england s needs as an imperial power since egypt was occupied because of its strategic position along the route to india british presence there however inevitably led to modernization during the 32 years of british rule during the first period the british were preoccupied with the prospect of imminent withdrawal the second period emphasized programs for such reforms as hydraulic and agricultural modernization wider education and urban development the final period covered the emergence of egyptian nationalism whose goals proved incompatible with british rule of egypt in spite of efforts to deal with nationalism by repression or conciliation originally published in 1966 the princeton legacy library uses

the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

ecology and power in the age of empire provides the first wide ranging environmental history of the heyday of european imperialism from the late nineteenth century to the end of the colonial era it focuses on the ecological dimensions of the explosive growth of tropical commodity production global trade and modern resource management transformations that still visibly shape our world today and how they were related to broader social cultural and political developments in europe s colonies covering the overseas empires of all the major european powers corey ross argues that tropical environments were not merely a stage on which conquest and subjugation took place but were an essential part of the colonial project profoundly shaping the imperial enterprise even as they were shaped by it the story he tells is not only about the complexities of human experience but also about people s relationship with the ecosystems in which they were themselves embedded the soil water plants and animals that were likewise a part of europe s empire although it shows that imperial conquest rarely represented a sudden bout of ecological devastation it nonetheless demonstrates that modern imperialism marked a decisive and largely negative milestone for the natural environment by relating the expansion of modern empire global trade and mass consumption to the momentous ecological shifts that they entailed this book provides a historical perspective on the vital nexus of social political and environmental issues that we face in the twenty first century world

this volume provides fresh scholarly insight into numerous second temple texts encompassing apocalyptic themes and text critical challenges
