yahweh the lord god and his son yahshuah jesus christ made
statements with regard to eschatology that have been
spiritualized for over a millennium which has led to the belief
in universalism the belief that yahshuah died for everyone well
after one studies the original languages of the hebrew aramaic
and greek the message of the kingdom of god was preached to and
accepted by a certain house in the bible the other house rejected
this message and yahshuah punished that house by taking the
kingdom away from them and giving it to another nation bringing
forth fruit there are only the house of israel the house of judah
and the house of david mentioned in the bible all three existed
then as they do today however most of today s babylonian
priesthood churchianity refuses to accept the secular historical
position with regard to the house of israel and who they are
today the people groups which yahweh and yahshuah addressed still
exist today however these people are all mixed up and known by
different names but they do exist this book goes back to the
origin of these people groups in the bible and brings them
forward to the present using their old names in order to
understand eschatology this brings us to the major question of is
the bible only about israel and if so how does it affect our
eschatology today this book answers these hard questions
