the american west and the world provides a synthetic introduction to the transnational history of the american west drawing from the insights of recent scholarship janne lahti recenters the history of the u s west in the global contexts of empires and settler colonialism discussing exploration expansion migration violence intimacies and ideas lahti examines established subfields of western scholarship such as borderlands studies and transnational histories of empire as well as relatively unexplored connections between the west and geographically nonadjacent spaces lucid and incisive the american west and the world firmly situates the historical west in its proper global context

the world of the american west is an innovative collection of original essays that brings the world of the american west to life and conveys the distinctiveness of this diverse constantly changing region twenty scholars incorporate the freshest research in the field to take the history of the american west out of its timeworn cowboys and indians stereotype right up into the major issues being discussed today from water rights to the presence of the defense industry other topics covered in this heavily illustrated highly accessible volume include the effects of leisure and tourism western women politics and politicians native americans in the twentieth century and of course oil with insight both informative and unexpected the world of the american west offers perspectives on the latest developments affecting the modern american west providing essential reading for all scholars and students of the field so that they may better understand the vibrant history of this globally significant ever evolving region of north america

in the years between 1940 and 2000 the american far west went from being a relative backwater of the united states to a considerably more developed modern and prosperous region one capable of influencing not just the nation but the world by the dawn of the twenty first century the population of the west had multiplied more than four times since 1940 and western states had transitioned from rural to urban becoming the most urbanized section of the country massive investment both private and public in the western economy had produced regional prosperity and the tourism industry had undergone

massive expansion altering the ways americans identified with the west in the mobilized american west 1940 2000 john m findlay presents a historical overview of the american west in its decades of modern development during the years of u s mobilization for world war ii and the cold war the west remained a significant distinct region even as its development accelerated rapidly and in many ways it became better integrated into the rest of the country by examining events and trends that occurred in the west findlay argues that a distinctive region wide political culture developed in the western states from a commitment to direct democracy the role played by the federal government in owning and managing such a large amount of land and the way different groups of westerners identified with and defined the region while illustrating western distinctiveness findlay also aims to show how in its sustaining mobilization for war the region became tethered to the entire nation more than ever before but on its own terms findlay presents an innovative approach to viewing the american west as a region distinctive of the united states one that occasionally stood ahead of at odds with and even in defiance of the nation

the story of the american west is that of a journey it is the story of a movement of a geographical and human transition of the delineation of a route that would soon become a rooted myth the story of the american west has similarly journeyed across boundaries in a two way movement sometimes feeding the idea of that myth sometimes challenging it this collection of essays relates to the notion of the traveling essence of the myth of the american west from different geographical and disciplinary standpoints the volume originates in europe in spain where the myth traveled was received assimilated and re presented it intends to travel back to the west in a two way cross cultural journey which will hopefully contribute to the delineation of the new always self renewing american west it includes the work of authors of both sides of the atlantic ocean who propose a cross cultural transdisciplinary dialogue upon the idea the geography and the representation of the american west

in mark twain and the american west joseph coulombe explores how mark twain deliberately manipulated contemporary conceptions of the american west to create and then modify a public image that eventually won worldwide fame he establishes the central role of the western region in the development of a persona that not only helped redefine american

manhood and literary celebrity in the late nineteenth century but also produced some of the most complex and challenging writings in the american canon coulombe sheds new light on previously underappreciated components of twain s distinctly western persona gathering evidence from contemporary newspapers letters literature and advice manuals coulombe shows how twain s persona in the early 1860s as a hard drinking low living straight talker was an implicit response to western conventions of manhood he then traces the author s movement toward a more sophisticated public image arguing that twain characterized language and authorship in the same manner that he described western men direct bold physical even violent in this way twain capitalized upon common images of the west to create himself as a new sort of western outlaw one who wrote coulombe outlines twain s struggle to find the proper balance between changing cultural attitudes toward male respectability and rebellion and his own shifting perceptions of the east and the west focusing on the tension between these goals coulombe explores twain s emergence as the moneyed and masculine man of letters his treatment of american indians in its relation to his depiction of jim in adventures of huckleberry finn the enigmatic connection of huck finn to the natural world and twain s profound influence on willa cather s western novels mark twain and the american west is sure to generate new interest and discussion about mark twain and his influence by understanding how conventions of the region conceptions of money and class and constructions of manhood intersect with the creation of twain s persona coulombe helps us better appreciate the writer s lasting effect on american thought and literature through the twentieth century and into the twenty first

describes the discovery and exploration of north america focusing on the detailed maps created and used during this time introduces the history of westward expansion in the united states discussing such topics as the louisiana purchase the history of cattle ranching in the west the role of wagon trails and life in the western united states during the nineteenth century
