crosby holiday sinatra fitzgerald garland and streisand were the major interpreters of the
american songbook and this is the interlocking story of their lives and careers here is the epic
tale of how these artists dominated american popular music over a fifty year period a roller
coaster ride that gains momentum through the 1930s and 40s reaches a crest of magical
creativity in the 1950s and early 60s and then crashes down by the early 1970s a half century
when the great american songbook dominated the airwaves and the fight for racial equality
came to the forefront ella was beloved in her time and she is still beloved frank is still the king
of the songbook but bing s legacy is just as vital once you start listening to his unprecedented
1930s output the best songs from judy s greatest triumph her 1963 64 tv series are shared
endlessly online the legend of billie grows by the year and the basis of this should be
appreciation and wonder for her own great artistry in the 1930s barbra is a living legend and
still a commercial force to be reckoned with the last exemplar of the songbook and its glories
all six of these singers reach out to us and show us new ways of expression and new ways to
dream their song is largely ended but the melody lingers on

includes pictures includes streisand s quotes about her life and career includes a bibliography for further reading i was a personality before i became a person i am simple complex generous selfish unattractive beautiful lazy and driven barbra streisand i arrived in hollywood without having my nose fixed my teeth capped or my name changed that is very gratifying to me barbra streisand a lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees in charles river editors american legends series readers can get caught up to speed on the lives of america s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known it should come as no surprise that barbra streisand allegedly once declared that she never had any idols as a child because given how unusual her career has been it s hard to determine who might have served as her inspiration mann and as the star once put it herself i guess if you have an original take on life or something about you is original you don t have to study people who came before you you don t have to mimic anybody you just have a gut feeling inside an instinct that tells you what s right for you and you can t do it in any other way to be sure strong willed women had populated both cinema and popular culture before streisand like katharine hepburn and joan crawford but streisand was unique in her ability to appeal to diverse groups in america she also arrived at a time when acting roles for women were generally less flexible than they would become by the end of the century and making her story all the more compelling is that streisand never met conventional standards of american beauty or acting style leading biographer william mann to declare that barbra had to believe she was special since no one else did clearly there is no denying that if barbra streisand possesses considerable talents as a singer and actress both supported by unshakeable confidence yet there are also ways in which streisand has always been insecure a quality that stacy wolf noted when she wrote streisand is gossiped about as an egomaniacal control freak perfectionist on the set particularly when directing and as a frail anxious slip of a girl who solicits opinions from anyone and everyone and still longs for conventional beauty and the approval of a father who died when she was still a small child as a result there is an apparent contradiction between streisand s unbounded confidence and her persistent need to receive praise from others she may be bold enough to resist fashioning her image in ways that emulate her predecessors but it s just as necessary to acknowledge that she was prone to the stresses of anxiety any complete portrait of the famous star must reconcile the two poles of streisand with streisand the fearless individualist and streisand the nervous performer forever joined at the hip american legends the life of barbra streisand explores her life and career and the way in which her confidence and fragility shaped both as a star who has succeeded in music and film streisand s singing and film acting are discussed in detail all with an eye toward explaining the cultural importance of a singer whose voice glenn Gould referred to as one of the natural wonders of the age along with pictures of important people places and events you will learn about barbra streisand like never before in no time at all

i have written many stories i will always treasure which began during the great depression in the 1930s some of these stories i would tell to my friends and they would say you need to write a book about that i am certain they were not serious but i thought why not there were some crazy things that happened in a lifetime of experiences to meet so many legends i had to be there at the right place and at the right time i have written many stories that have educational and historical significance most of the stories are intended to have humor with no harm intended to anyone from the ball fields to the coalfields is written to be nonfiction although some stories are hard to believe the lifetime of experiences mostly occurred in three regions of Virginia and some in Concord North Carolina the three regions in Virginia were the coastal tidewater area the Shenandoah valley and the coalfields of far southwest Virginia the people involved are friends family teachers coaches pro athletes my baseball teammates and so many wonderful kids that i taught or coached although my book may be considered as an autobiography it is more about people that the reader would enjoy hearing about their accomplishments rather than my own during the time i wrote from the ball fields to the coalfields which started in 2001 until the present time there were changes in people's lives such as a professional athlete or a coach changing jobs in some cases also there were some people that i wrote about who are now deceased some of these occurrences are not mentioned although the people who have passed away are in the section on in memory of the

book is written over a twenty year period but as chronological as possible with changes in people s occupations and awards such as a national hall of fame award to basketball coach lefty driesell please refer to chapter 32 lefty before my time on the ball fields the book covers my grandfather s part in helping with the great depression and an early part of my family in concord north carolina the period covers a period about being a world war ii child gangs of the fifties school and amateur baseball glory years of sports by way of radio how army and college life was over fifty years ago and how it was to be a teacher and coach for most of the period beginning in the early 1960s until 2010 racial equality is one of america s top issues chapters 20 22 23 and 27 demonstrate how far our nation has gone to be equal but we still have a way to go the chapters stress my involvement with african american treatment before dr martin l king s speech about freedom if i would have fulfilled my childhood dream and made it to the major leagues then i would not have the nostalgic stories about my family childhood friends teaching and coaching friends and those thousands of kids who are in my book from the ball fields to the coalfields
