bertolt brecht once worried that how we feel about the victims of a social problem can get in the way of the beauty and attraction of the problem itself in this book walter benn michaels explores the same dilemma through a study of several contemporary artist photographers whose work speaks to questions of political economy michaels focuses on the work of several artists mostly born in the 1970s and thus raised in a world where artistic ambition has been identified with a critique of autonomous form and of meaning as a function of intention michaels shows that these artists engage but also push beyond this critique of autonomy and intentionality producing works that embody a new commitment to form and meaning the explanation for this commitment he argues is these artists consciousness of making art in an economy riven by structural conflict especially an unprecedented rise in inequality for them he argues the relationship of the art work to the world to its subject and to its beholder functions as an emblem of the relation between classes rather than identities or subject positions this book will join the short shelf of essential writings about the medium of photography

the book uses an innovative theoretical framework to explain how the eu social dimension has taken its present form it presents and applies a political economic framework to the european labour market integration process and offers new tools for analysing the dynamics of regional integration the theory is applied to case studies of the eu s approach to social protection health and safety protection at the workplace and maternity leave the topical issues around the future of welfare provision in europe how a social europe may develop and the political and economic consequences of this are discussed

seminar paper from the year 2014 in the subject politics topic peace and conflict security grade 1 3 university of bamberg language english abstract the united nations un in international relations is considered to be a supranational organization currently the un consist of 193 member states and it stresses out four main purposes which are maintaining peace and security developing friendly relations amongst states helping states to work together and being a centre for harmonizing the actions of nations cf un org en aboutun additionally the un is seen as a collective security system which offers states to settle down any disputes and for solving social economic humanitarian and ecological problems

on international level cf gareis varwick 2006 85 according to this purposes the un has acted and authorized multilateral interventions in many states which were affected by conflicts the libyan conflict in 2011 as an example was one of the cases where the un has responded to the actions and the multilateral intervention in libya leaves questions how does the un shape the behavior of its member states and why does the un act in general the theory of social constructivism by alexander wendt can provide an explanation to these questions the theory defines balances of power between states and explains the behavior of states furthermore it claims that international relations are social and the international system is constituted by ideas cf jackson sorensen 2006 162 but the main question which shall be discussed in this term paper is therefore how can the theory of social constructivism explain the actions by the united nations security council in libya first of all core assumptions of social constructivism has to be discussed in order to explain further analysis of this term paper after the illustration of the core assumptions of social constructivism the powers and functions of the un security council shall be described because the security council as one of the most important main body of the un is the only executive body that act regarding any threat of peace and security thereafter the situation in libya as the empirical example have to be mentioned what exactly happened in libya and what did the un especially the security council do altogether with the core assumptions of social constructivism the theoretical knowledge of the security council and the information of the libyan conflict the main question shall be answered at the end the conclusion shall summarize the term paper s outcome of the analysis

introducing mathematical analysis to business economics and social science students this text begins with non calculus topics such as equations functions linear programming and probability the work then progresses through both single variable and multivariable calculus

doctoral thesis dissertation from the year 2022 in the subject english language and literature studies linguistics university of baghdad language english abstract the study of identity within a given discourse is one of the significant topics in the field of critical discourse analysis iraqi christian identity has undergone various political and social changes during different historical periods leading to the emergence of the christian identity as a minority in society the present study investigates the representation of the identity of iraqi christian minority in the narrative discourse of selected english and arabic novels more precisely the present study is a critical discourse analysis of the christian identity as a minority in selected english and arabic novels namely the english novel abducted in iraq by saa d hanna 2017 and the arabic novel □□□□□□□□ □□□□□□□□ the american granddaughter by inaa m kachachi 2009 the study aims at first identifying the identity representation of iraqi christian

minority in the narrative discourse of selected english and arabic novels before and after 2003 war second investigating the textual resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war third identifying the discursive resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war fourth examining the social resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war that is it examines the role played by power and social dynamisms in the identity construction under analysis and fifth investigating similarities and differences in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war at the textual discursive and social levels of analysis for achieving the afore mentioned aims a purposive sampling technique is used to choose the most representative data from the selected english and arabic novels the data is analysed according to a synthesised theoretical framework based on wodak et al 2009 fairclough 2015 wortham 2001 and graumann 1999 the data are analysed both qualitatively and quantitatively
