marcel was among the first to enunciate the distinction between intersubjective i thou relations and subject to object i him her relations the important difference between having and being and between problems and mysteries the phenomena of the lived body and sensation the concretely situated and dependent character of human existence as well as its supratemporal transcendent dimension the centrality of faith hope and love in human life and our obscure and frequently unrecognized but nevertheless real experiences of an absolute thou and of our dead loved ones however marcel s philosophical writings including the mystery of being although innovative and insightful are often not easily understood by even his most sympathetic readers frequently because his discussions of issues are unsystematic and sketchy and his reasons in support of the conclusions he arrives at are so briefly presented

excerpt from the mystery of being vol 1 reflection and mystery it might be said in the first place that a road implies space and that the notion of space is something from which a meta physical investigation as such must abstract one must make the simple answer that if my metaphor must be rejected on this count so must every kind of discursive thinking for it is all too evident that the notion of discursiveness implies and rests on a simple physical

image like that of walking along a road moreover we shall later on have occasion to recognize the existence and philosophical rights of a sort of spatiality which might be called the spatiality of inner experience and it may be that this spatiality of inner experience is coextensive with the whole spiritual life but the objection may be put in another way which has a dangerous look of being much more genuinely awkward to lay down a road in a place where at first there were only tracks is that not equivalent to fixing in advance a certain destination at which one intends to arrive and must not that destination itself be very exactly located the underlying image would be that of a grotto a mine or a sanctuary whose whereabouts one knew in advance it would be a matter of showing the way there to those who for one reason or another wanted to have a look at the place no doubt in order to profit from its riches but does not this presuppose that the result we are working for has already been achieved even before we start working for it does it not pre suppose a preliminary or original discovery of the grotto or the sanctuary well looking at the matter in my own way i must ask whether in the realm of philosophy we can really talk about results is not all such talk based on a misunderstanding of the specific character of a philosophical investigation as such the question raised here at least obliges us to come to much closer grips with the very notion of a result about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

this issue of the ministry of the word contains the nine messages given during the international training for elders and responsible ones held in leipzig germany from october 5 7 2017 the general subject of this series of messages is the recovery of the church the intrinsic significance of the church is the corporate expression of christ who is the embodiment and expression of the triune god the reality of the church as the expression of christ is heavenly christly and resurrectionly in time and space however the church can deviate and become degraded deformed and corrupted due to the enemy s work of producing substitutes for christ dividing the body of christ and killing the function of the members of the body of christ from the beginning god s intention was to have the church and this was taught by the apostles eph 3 10 11 although much of the truth concerning the church has been lost or distorted our god is a god of recovery regardless of what the enemy has done the lord s recovery of the church brings us back to the beginning for the fulfillment of god s eternal purpose and original intention regarding the church for the recovery of the church we need to overcome the degradation of the church that was brought in according to the principle of babylon exercising human ability and effort hypocrisy self glorification and harlotry the way to overcome the principle of babylon is to take christ as our burnt offering so that he can repeat the life of the burnt offering within us by this way we can be christified and become his duplication for the building up of the body of christ to consummate the holy city new jerusalem the books of ezra and nehemiah record the return of the israelites from babylon to jerusalem to rebuild the temple and the city this return signifies the lord s recovery of a remnant out of today s division and confusion back to the original ground of oneness for the building up of the genuine church as the house of god and the kingdom of god to strengthen and enrich the recovery of the church the lord needs priestly scribes like ezra those who contact god are saturated with god and are skillful in the word of god to reeducate and reconstitute god s people for his testimony and his corporate expression on the earth the lord also needs those who are pure and properly aggressive like nehemiah to build the great and high wall of the holy city for our separation unto god the protection of god s interests and the expression of god practically speaking in the lord s recovery today we are mainly recovering the proper church life and the proper living of the church the church life is the corporate living of the perfected god men a living in the reality of the body of christ the church life is the life of christ being lived out through his members in a corporate way it is our being headed up under the unique headship of christ and enjoying the mutual flowing of fellowship in oneness as the continuation of christ s being glorified by the father so that we may be the corporate expression of christ in order for the lord to return he must recover the life and living of the church the church has two main aspects universal and local the church is constituted of the universal god but it exists on earth in many localities in nature the church is universal in god but in practice the church is local in a definite place without the universal aspect the church is void of content without the local aspect it is impossible for the church to have any expression and practice the genuine oneness is the triune god who as the spirit today is being added to us and is permeating us taking us over and filling us only the triune god is the factor of the genuine oneness the ground of oneness is simply the processed triune god applied to our being in psalm 133 the fine oil referring to the holy anointing oil in exodus 30 23 33 signifies the all inclusive compound spirit this anointing spirit is the element of our oneness when the compound spirit applies himself to us and spreads over and in our entire being in a gradual way he makes us genuinely one if we

want to have the recovery of the church we must have a clear revelation concerning the three most basic essential and crucial statuses of the church as the body of christ as the new man and as the counterpart of christ the body is the issue of the headship of christ christ as the one who fills all in all needs his body to be his fullness the expression of the head cf eph 1 22 23 for the building up of the body of christ we need to practice the scriptural way to meet and to serve the god ordained way revealed in the holy word the new man is christ in all the saints this indwelling christ permeates and replaces us to remove all natural distinctions and to constitute everyone with himself in order for us to experience the reality of christ being all the members of the new man we need to take christ as our life and our person and live him not ourselves the one new man fulfills god s eternal purpose of expressing god and dealing with his enemy the church as the body of christ and the one new man will become the bride the counterpart of christ the lord will return for his bride the church the counterpart of christ as typified by eve is a pure product out of christ built out of the uncreated life released by christ through his death and resurrection only those who are regenerated of christ and who live by christ as the church can match christ and complement him in the new jerusalem the processed and consummated redeeming triune god as the universal husband will live a married life for eternity with this redeemed regenerated transformed and glorified corporate person as his wife this will be the consummation of the universal divine romance the announcements section of this issue contains a list of upcoming conferences and trainings hosted by living stream ministry and a website link for information related to similar events in europe
