last month we introduced the mics this month we put them to the test find out which model is the best way of adding ribbon character to your studio

we began our test with hugh performing some spoken word prose into each mic as the neutral tone of spoken word and the variety of sounds can be quite revealing of a vocal microphone s general

a multi pattern mic that plugs straight into a computer one notable feature of this year s winter namm show was the number of different companies introducing the world s first serious usb microphone

industry stalwarts audio technica introduce two new microphones that offer a similar character to their popular at2020 but with better performance and additional features

to solve this problem alex oana and ian hlatky set up audio test kitchen the most ambitious audio comparison project ever undertaken

in this month s feature video alex and ian explain how they put

despite the meagre pricing the mic looks very impressive albeit without the degree of refinement seen on more expensive mics in this test when viewed close up

on that last issue it can feel like this style of mic is lacking in the bottom end at the tracking stage but its tight consistent low end is one of the reasons it is so well regarded testing the mic outside the

the new tlm102 embodies everything we ve come to expect from a large diaphragm neumann studio mic except the price unlike some other established microphone manufacturers neumann have

alternatives the most obvious contender especially given the dual powering facility is the akg c1000s in comparison the m3 sounds richer and more extended at the bottom and less peaky and

this surprisingly compact large diaphragm condenser mic shakes up the established competition although few people realise it microtech gefell was founded by none other than georg neumann
