excellent stockholm university jmk department of journalism media and communication language english abstract in this study the television crime series dexter is analysed in its significance to create a feeling of sympathy for a serial killer that is here exemplified by the analyses of the title character and protagonist dexter morgan deriving from this apparently contradictory presumption the main objective of the study is thereby to examine to what extent the conception of the series and its form of representation contribute to this alleged effect and which media devices can be considered for this purpose as a starting point the theories of social constructionism and frame theory are to be analysed to show what we know and how we gain our knowledge about crime and criminals from the real life and those in fictional narratives the achieved findings of current media frames of serial killers in fiction and non fiction reveal that there are differences in the representation of serial killers in the mass media but the tools which are used to establish those frames are comparable further by reconciling these existing frames with the frame the series dexter generates of a serial killer a range of variations are identifiable the main finding is that the form of representation often violates genre expectations of the audience and also hitherto familiar frames of serial killers are questioned by the series concept and challenges the viewer in some way in order to promote an effect of sympathy due to the quite innovative character of the series its investigation might provide new input in the field of media and film studies of television crime narratives key words crime series dexter serial killer sympathy social constructionism frame theory media frames

serial killers understanding lust murder edited by phillip c shon and dragan milovanovic is a collection of ten chapters on the nature expression development and possible responses to this recently popularized form of crime these forms of serial killings not only involve continuous killings but some form of perverse sexual relations with the victim or body of the victim perhaps brought to public attention by some dramatic cases involving jeffrey dahmer robert bundy john gacy and denis rader and popular media presentations such as the silence of the lambs 1991 the examination of this phenomenon is only recently entering more scholarly scrutiny this book includes various notable scholars in the field from theoreticians to practitioners and is divided into three parts the first part develops theories of sexual homicide and the development of predatory laws it examines the history of serial lust homicide definitions and motivational models it also includes attempts at integrative approaches the second part develops such forms of lust
