the long anticipated mardukite guide to the simon necronomicon since being released in 1977 the same year that the world saw the arrival of star wars the shannara series of terry brooks close

encounters of the third kind the debut by zecharia sitchin and many other consciousness paradigm shifts the necronomicon by simon has changed the shape of the modern new age movement and human understanding introducing over a million people of the new generations to the reality of the anunnaki traditions born from ancient sumerians babylonians akkadians assyrians and chaldeans shrouded in doom and gloom contrasted against the cthulhu mythos envisioned by h p lovecraft who very well may have developed the title necronomicon for his own saga and literary cycle the book presented by editor simon is anything but a fabrication of fantasy but is instead an allusion to a very real though fragmented mardukite babylonian anunnaki tradition a system that once dominated the prehistoric and ancient world before the rise of the greeks romans and even egyptians the modern mardukite research organization has spent nearly half a decade exploring the mysteries of mesopotamia the anunnaki and related subjects after having completed the entire necronomicon anunnaki literary legacy with the mardukite chamberlains prolific writer editor and founder of the mardukites joshua free ends his years of silence concerning the simon necronomicon by finally providing his expert commentary on the classic text in liber 555 the necronomicon for beginners unveiling the secrets of the simon necronomicon edition note this same liber 555 material is simultaneously released in a larger print version as stargate to the abyss the mardukite guide to the simon necronomicon by joshua free

ever since the visions of h p lovecraft began to haunt the world people from all walks of life have celebrated various interpretations of these musings we are shown a world shrouded in darkness that has been materialized by primordial malignant gods who fought one another for control of the universe and for the worship of the humans who brought to them sacrifices and abominable litanies but as many have already assumed this necronomicon tradition was indeed the product of lovecraft's imagination and it only much later became known as the cthulhu mythos a haven for horror fantasy genre authors for nearly a century thereafter the necronomicon remained a fictional product of dark fantasy until the famous simon folio was presented to the world in 1977 while many readers superimposed the lovecraftian lore into their interpretation verbatim this new document did not present rituals by which the malignant ancient ones would be unleashed into this world in fact it suggested the exact opposite beneath the foundation of the esoteric mysteries exists a secret and sacred tradition to fight against this very act as an unfortunate move by its contemporary readership the simonomicon came under attack as being no more authentic than lovecraft's own

stories more serious practitioners came to a more educated conclusion the magickal notebook or grimoire was incomplete at best alluding not to the enlilite traditions common to the sumerians but rather to a mardukite tradition that was raised by the babylonians in honor of marduk firstborn son of enki then after the completion of the arcanum anthology in 2008 joshua free took on the role of nabu maerdechai and organized a occult research team in dedication to these mysteries called the mardukite chamberlains which set out to uncover the truth behind the veils of centuries of misinformation about the backwaters of human consciousness including very specifically the role of the anunaki or sky gods who appear at the heart of every ancient pantheon the range of the mardukite work included lengthy discourses with other related published researchers unceasing hours in abandoned corners of old libraries and museums participation in sessions with other practicing occults and even a visit to the tablet collections at the university of pennsylvania the culminating results were nothing like anyone would have expected an authentic and verifiable version of the necronomicon salvaged from the shifting desert sands of time in the middle east and egypt unparalleled by anything already available to true seekers it appeared to be the most complete collection of ancient writings on the planet that formed the very foundation of all the human traditions and beliefs that would emerge thereafter given this we concluded that being the ancient source of our modern traditions that have had the meaning washed out of them this path was the most perfect complete and logical example we currently have to pursue on this planet this present edition of the necronomicon edited by joshua free is not lovecraftian or simonian while it could serve to offer validity to materials from both sources for those who seek it neither is it dangerous or a hoax though those who fear the revelation of these truths for the world will think it the former and label it the later this edition of the necronomicon is the single most ancient and pure unaltered lore concerning the hottest topics of our time and all times including divinity creation human origins aliens religion pantheistic magickal traditions alternate dimensions portals and the afterlife in this new millennium of uncertainties it is most likely that the uncovering of the past will reveal our future
