a shadow s tale is an urban fantasy bildungsroman that follows the life of a half
demon girl as she comes to terms with who she is the life of one of every two half
demons is controlled by prophecy the more powerful the demonic parent the more
impact the prophecy has on the hybrid s life when the half demon race wilfully
became extinct certain prophecies were deemed never to come to pass they were
wrong shadow has to learn how to cope with who she is how to deal with people
who won t accept her half demon status and what her future has in store for her

this collection highlights the interplay between language and liminal places and spaces in building distinct narratives of selfhood the book uses an interdisciplinary approach to examine linguistic and social phenomena in places shaped by displacement and social inequality the book also looks at chronotopes the bakhtinian inspired concept of the interconnectedness of time and space in identity the volume demonstrates how studying liminal places and spaces can offer unique insights into how people construct language and selfhood in these spaces making this key reading for researchers in sociolinguistics discourse analysis geography and linguistic anthropology

this book examines a wide range of country experiences offers examples of good practice highlights innovative approaches and identifies promising tools including new information technologies for engaging citizens in policy making it proposes a set of ten guiding principles

climate change has demonstrated perhaps more than any other environmental concerns the complexities of the human nature interrelationship and the need for embedding a far greater environmental consciousness into our social values and norms a drastic reduction in global greenhouse gas emissions requires a transition to low carbon cities this demands a better understanding of the interactions between social technical and spatial processes which constitute cities the aim of this book is to explore these interactions and urge urban planners and other built environment professionals to revisit some of their traditional concepts methods and ways of thinking about what constitutes a good city and according to whose priorities the book brings together nine contributions ranging from broad overviews to sector specific analysis paying particular attention to the role of urban planning contributors cover climate change mitigation and adaptation deal with different scales of analysis ranging from international and european to national and city perspectives and discuss a range of policy sectors including housing transport energy sea level rise as well as pathways for climate policy implementation the diversity of the contributions is itself a reflection of the multitude of climate change concerns that preoccupy researchers policy makers and practitioners this book was published as a special issue of european planning studies

in this adult science fiction novel life in the universe the beginning business politics romance humour and action intertwine in a dynamic fast paced narrative that explores current social issues and personal development relate to the unique perspectives of the main characters as they manage nuanced personal interactions their ambition or confusion personal histories and self contradiction as earth joins the universal council at its heart the story positions humanity s desire to be protected against personal freedom along the way personal and business relationships assault and the tension between loyalty to friends rather than family
