the scm studyguide anglicanism offers a comprehensive introduction to the many different facets of anglicanism aimed at students preparing for ministry it presumes no prior knowledge of the subject and offers helpful overviews of anglican history liturgy theology canon law mission and global anglicanism more and more ordinands come from contexts in which they are no longer familiar with their own denominational identity the book fills a definite gap in the market and can be used as a textbook for a 10 week module on anglican denominational identity the author is an experienced theological educator who has road tested the material with students in residential and non residential settings the book can also be used in courses on church history spirituality ecclesiology mission and doctrine

the challenges that western culture keeps posing to the christian faith are ever new the goal posts keep changing this study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith it will be an historical overview of the key stages in the history of western philosophy with each section carefully tracing the genealogical line of ideas and the christian responses to them right up to the present day for most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled thus each chapter in this study guide opens with a glossary of terms throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes shows itself in sunday morning worship
