evaluation in education volume 1 is a series of monographs that compiles various studies that cover the methodologies and techniques utilized in evaluating student performance in various educational systems the first material is a comparative study of the differences in the achievement of overtime between ethnic groups in israeli elementary school next the book presents a paper about defining educational objectives the next study discusses the various aspects of a multiple choice type of test the last article tackles the impact of success and failure on the learner the text will be of great use to individuals involved in the development and implementation of student evaluation related policies in educational institutions

international comparisons of educational achievements have come to play a crucial role in understanding the educational field today

this book provides an in depth analysis of the development of international large scale assessments the lives and achievements of transnational educational experts who paved the way for these assessments are discussed as well as the rise of institutions specialising in the making and managing of educational statistics such as the international association for the evaluation of educational achievements iea and the programme for international student assessment pisa supported by the organisation for economic cooperation and development oecd emerging transnational policy spaces and their effect on national education policy are also problematised using the concept of europeanisation as a theoretical reference by bringing together historical and contemporary comparisons using different methodological approaches the goal of this book is to contribute to a widened understanding of educational policy making as an open ended and complex process that cannot be reduced to a rational process of linear implementation or a deduction of world models of education instead the result of this book shows that transnational policy flows in many directions in european education today and is being negotiated translated interpreted or even contested when recontextualised in different national and or local arenas this book addresses crucial questions on how the landscape and its borders of educational knowledge and policy making have changed over time and place and how the map is currently redrawn in the contemporary globalised educational context it provides important navigational knowledge for students teachers and researchers as well as policy makers at different levels

the lion wakes tells the modern story of hsbc starting in the late 1970s when the bank first broke out of the asia pacific region with its purchase of marine midland bank in the us it follows hsbc s battle to purchase midland bank in 1992 the subsequent move of head office from hong kong to london and the string of acquisitions that brought the bank to its pre eminent place in global finance today acclaimed historians richard roberts and david kynaston chronicle the bank s struggles as well as its successes the last part of the book deals with the ill fated move into consumer finance in the us as well as the financial crisis of 2008 and its effect on hsbc impeccably researched and generously illustrated from the hsbc archives this is a valuable addition to global

financial history

this book examines the relationship between the eu investor protection regulations enshrined in mifid and mifid ii and national contract and torts law it describes how the effect of the conduct of business rules as implemented in national financial supervision legislation in private law extends to the issue of enforcement and critically assesses this interaction from the perspective of eu law in particular the conclusions identified in the book will deepen readers understanding of the interplay between the conduct of business rules and private law norms governing a firm s liability to pay damages such as duty of care attributability of damage causation contributory negligence and limitation in turn the book identifies the subordination and the complementarity model to conceptualise the interaction between the conduct of business rules and private law norms moreover the book challenges the view that civil courts are or should be forced to give private law effects to violation of the mifid and mifid ii conduct of business rules in line with the subordination model instead the complementarity model is advanced as the preferred approach to this interaction in view of what mifid and mifid ii require from member states in terms of their implementation as well as the desirability of each model this model presupposes that courts should consider the conduct of business rules when adjudicating individual disputes while preserving the autonomy of private law norms governing liability of investment firms towards clients based on analysis of case law of courts in germany the netherlands and england wales as well as scholarly literature the book also compares the available causes of action the conditions of liability and the obstacles investors face when claiming damages as well as how and the extent to which investors can benefit from the conduct of business rules in clearing these obstacles in so doing under the approach adopted by national courts to the interplay between the conduct of business rules of eu origin and private law the book shows how investors can benefit from the influence of these rules on private law norms in closing it demonstrates a hybridisation of private law remedies resulting from the accommodation of the conduct of business rules into the private law discourse according to the complementarity model illustrating how judicial enforcement through private law means may contribute to investor
