during the past century the major causes of morbidity and mortality in the united states have shifted from those related to communicable diseases to those due to chronic diseases just as the major causes of morbidity and mortality have changed so too has the understanding of health and what makes people healthy or ill research has documented the importance of the social determinants of health for example socioeconomic status and education that affect health directly as well as through their impact on other health determinants such as risk factors targeting interventions toward the conditions associated with today s challenges to living a healthy life requires an increased emphasis on the factors that affect the current cause of morbidity and mortality factors such as the social determinants of health many community based prevention interventions target such conditions community based prevention interventions offer three distinct strengths first because the intervention is implemented population wide it is inclusive and not dependent on access to a health care system second by directing strategies at an entire population an intervention can reach individuals at all levels of risk and finally some lifestyle and behavioral risk factors are shaped by conditions not under an individual s control for example encouraging an individual to eat healthy food when none is accessible undermines the potential for successful behavioral change community based prevention interventions can be designed to affect environmental and social conditions that are out of the reach of clinical services four foundations the california endowment the de beaumont foundation the w k kellogg foundation and the robert wood johnson foundation asked the institute of medicine to convene an expert committee to develop a framework for assessing the value of community based non clinical prevention policies and wellness strategies especially those targeting the prevention of long term chronic diseases the charge to the committee was to define community based non clinical prevention policy and wellness strategies define the value for community based non clinical prevention policies and wellness strategies and analyze current frameworks used to assess the value of community based non clinical prevention policies and wellness strategies including the methodologies and measures used and the short and long term impacts of such prevention policy and wellness strategies on health care spending and public health an integrated framework for assessing the value of community based prevention summarizes the committee s findings

over the past fifteen years portugal has promoted several changes in the access of immigrants to family reunification that were interlinked with a significant progress in terms of integration policies this report analyses the

practice of the law highlighting the hurdles and challenges that immigrants might face during the family reunification process in Portugal the contact with immigrants NGOs representatives policymakers lawyers and mediators helped to understand this reality this study was developed between 2011 and 2013 for the project family reunification a barrier or facilitator of integration co funded by the European Integration Fund Directorate B Immigration and Asylum Unit DG Home Affairs of the European Commission

Computer Security Handbook jetzt erscheint der Klassiker in der 4 aktualisierten Auflage es ist das umfassendste Buch zum Thema Computersicherheit das derzeit auf dem Markt ist in 23 Kapiteln und 29 Anhängen werden alle Aspekte der Computersicherheit ausführlich behandelt die einzelnen Kapitel wurden jeweils von renommierten Experten der Branche verfasst Übersichtlich aufgebaut verständlich und anschaulich geschrieben das Computer Security Handbook wird in Fachkreisen bereits als das Nachschlagewerk zu Sicherheitsfragen gehandelt

This book investigates the influence of personal values on managerial behaviour in modern organizations and how this impacts upon company performance and relationships with a focus on Central Europe the authors explore the notion of a personal values system and seek to identify the influencing factors behind behaviour providing a new methodological and contextual framework which goes beyond established measurements the book offers insights into the most important studies in the area and will provide valuable reading to academics in the fields of management organization and HRM as well as practitioners and policy makers

This book seeks to contribute to prior research facing the discussion about public value creation in smart cities and the role of governments in the early 21st century the rapid transition to a highly urbanized population has made societies and their governments around the world to be meeting unprecedented challenges regarding key themes such as sustainability new governance models and the creation of networks also cities today face increasing challenges when it comes to providing advanced digital services to their constituency the use of information and communication technologies usually ICTs and data is thought to rationalize and improve government and have the potential to transform governance and organizational issues these questions link up to the ever evolving concept of smart cities in fact the rise of the smart city and smart city thinking is a direct response to such challenges as well as providing a means of integrating fast evolving technology into our living environment this focus on the public value creation in smart cities could be of interest for academics researchers policy makers public managers international organizations and technical experts involved in and responsible for the governance development and design of smart cities

over the quarter of a century with which this book is concerned the uk has had an extraordinarily diverse experience of monetary policy and monetary regimes monetary policy has been transformed from attempts to control broad money from the supply side with the use of indirect controls on banks lending to an almost exclusive focus on interest rates in a context of inflation targeting the exchange rate has at times been fixed at other times almost perfectly flexible and at other times again more or less managed meanwhile the real economy has experienced large variations in growth together with what most observers have seen as a sharp rise and then a gradual decline in the nairu inflation has varied between 25 and 2 this is a book about the making of monetary policy in the uk about how and why the monetary regimes changed over the period and how and why the monetary authorities took the decisions they did about monetary growth interest rates and the exchange rate it includes separate chapters on monetary targeting on policy in the second half of the 1980s on the uk s brief membership of the erm on inflation targeting between 1993 and 1997 and on inflation targeting with instrument independence since 1997 it also contains a detailed analysis of the factors that influenced interest rate decisions and monetary policy with particular reference to the exchange rate and an investigation of the nature and reasons for interest rate smoothing in the uk david cobham has written an excellent history of british monetary policy over the final quarter of the 20th century his judgement of the political and economic context is sound and sensible it is well written with clear and helpful tables and charts besides the careful historical reporting cobham adds some valuable extra research of his own notably on the interaction between monetary policy and the exchange rate chapter 9 and on the reasons for interest rate smoothing chapter 10 charles goodhart norman sosnow professor of banking and finance at the london school of economics an essential guide covering everything the reader could ever want to know about the uk s turbulent monetary history over the last quarter century charles bean chief economist bank of england
