in its totality the long second world war extending from the beginning of the spanish civil war to the end of hostilities in 1945 has exerted enormous influence over european culture bringing together leading historians sociologists and literary and film scholars this broadly interdisciplinary volume investigates europeans individual and collective memories and the ways in which they have shaped the continent s cultural heritage focusing on the major combatant nations spain britain france italy germany poland and russia it offers thoroughly contextualized explorations of novels memoirs films and a host of other cultural forms to illuminate european public memory

this study shows how evelyn waugh transformed his own experiences into painfully comic brilliantly constructed novels

born on 28 october 1903 to arthur waugh 1866 1943 and catherine charlotte raban 1870 1954 arthur evelyn st john waugh 1903 1966 popularly known by his pen name evelyn waugh wrote thirteen major novels apart from short stories travelogues essays news stories and non fiction in the maze of his prolific writings the quintessential waugh often escaped the critical scrutiny of critics and reviewers who often charged him with being a bitter critic of modern britain without presenting an alternative moral vision or else that his novels play up an untenable nostalgia for the

aristocratic values of the feudal past and a preoccupation with thrusting his religion on others this book attempts to tear through the foggy veil of such critiques to revisit and redeem the real Waugh as represented in his creative works the study argues that the claim of Evelyn Waugh to be recognised as a major twentieth century novelist in English literature rests on his creative use of comedy to convey his unique vision of life the book highlights the centrality of the ubiquitous metaphor of the ever revolving wheel of life to an understanding of his comic vision and art the metaphor helps to define not just the division of this world into static dynamic and religious characters but also the *weltanschauung* that drives them to lead their lives in a particular way based on this Waugh's novels are amenable to classification into lesser and greater comedies the book argues that while the lesser comedies play up the absurdity of belief in the enlightenment philosophy of progress the greater comedies present the grandeur of life in the spiritual resurrection of the central characters

a study guide for Evelyn Waugh's *Handful of Dust* excerpted from Gale's acclaimed novels for students series this concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more for any literature project trust novels for students for all of your research needs

so far as the young were concerned Orwell wrote of Britain in the years after the great war the official beliefs were dissolving like sandcastles most critical accounts of that postwar generation have been constrained by having to deal with the myth of the thirties Michael Gorra's innovation in this exciting study of the postwar generation's major novelists lies in seeing the consequences of that dissolution in formal rather than political terms arguing that the novelist's difficulty in representing human character in what Wyndham Lewis called a shell shocked age is itself a sign of that loss of belief but while most studies of this generation end with the coming of world war 2 Gorra follows these novelists throughout their careers the result is a book that not only shows how the British novel's increasing consciousness of its own limitations stands as a mirror to the country's loss of power but also provides memorable portraits of four major twentieth century writers

indeed study may be the wrong word for it as the poet Philip Larkin made forcefully evident when he once snapped at an interviewer oh for Christ's sake one doesn't study poets you read them and think that's marvelous how is it done could I do it book jacket

lists news events population figures and miscellaneous data of an historic economic scientific and social nature

anthology of science fiction mostly short stories
