featuring contributions from leading thinkers on revolution it combines theoretical concerns with case studies of individual revolutions to question whether ideas of revolution are still relevant in the postmodern and globalized world of the twenty first century

theda skocpol author of the award winning 1979 book states and social revolutions updates her arguments about social revolutions

the interdisciplinary essays in american revolutions in the digital age explore what digital tools can tell us about the late eighteenth and early nineteenth century united states and reveal how an understanding of the american past can make sense of our digital present by employing a host of innovative digital research methods these authors challenge long held assumptions about the american past in addition this collection uniquely demonstrates how contemporary anxieties about an array of topics including media disinformation patriarchy economic inequality and public memory can be better understood through careful considerations of early american history open access edition funded by iona university

this volume sources of contemporary radicalism begins with seweryn bialer s examination of the definitional aspects of radicalism as well as with the identification of specific contemporary sources of the radical impulse and the social groups that are the carriers of radicalism within society in the next two chapters seymour lipset and stanley rothman consider the case of the united states lipset asks anew the question posed by werner sombart at the beginning of this century why is there no socialism in the united states from the perspective of a century of literature addressed to this question he provides his own critique and explanation rothman considers the relatively new phenomenon of student radicalism in the united states and on the basis of interviews with student activists and results of tests they agreed to take he offers hypotheses concerning their psychological motivation sidney tarrow s chapter presents a comparison and contrast of the societal sources contributing to the growth of radical movements in post world war ii france and italy henry landsberger in his chapter concentrates on one societal group the peasantry landsberger addresses the methodological issue that arises in defining peasant discontent as radicalism and examines what it is that provides a new dimension to peasant discontent in modern times in the final chapter william overholt presents a valuable interpretative survey of the literature on radicalism

this book is a study of radicals revolutionaries and society specifically it tries to look at the historical social and political struggles of radicals in modern politics since the emergence of modern politics after the french revolution of 1789 while the book is a political study the main focus is that of a socialist study as a socialist argument for the vital political role of radicals and revolutionaries in creating modern society the main focus of the book is on how radicals and revolutionaries usually change modern society for the better through their struggle for democracy freedom and socialism

a fundamental problem in studying early modern russian history is determining russia s historical development in relationship to the rest

of the world the focus throughout this book is on the continuity of russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary eurasian polities the continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for russia s success instead russian rulers from ivan iii to catherine ii with their hub advisors managed to sustain a balance between the two during the early modern period these russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from europe but also from asia in this respect they were willing to look abroad for solutions to domestic problems russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the eurasian heartland the ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies the church played an active role in supporting the government and in seeking to eliminate opposition to the government

an overview of the 200 years of world history that outlines major events with useful timelines maps
