the political contention that considers forests to be mere economic assets to achieve state welfare has slowly changed into a more conservative view since the ninth world forestry congress in mexico in 1985 rightly acknowledged that there has been severe tropical forest destruction and environmental deterioration around the globe

islamic counselling is a form of counselling which incorporates spirituality into the therapeutic process until now there has been little material available on the subject with no one agreed definition of islamic counselling and what it involves there has also been a rapidly growing population of muslims in western societies with a corresponding rise in need of psychological and counselling services islamic counselling an introduction to theory and practice presents a basic understanding of islamic counselling for counsellors and islamic counsellors and provides an understanding of counselling approaches congruent with islamic beliefs and practices from a faith based perspective the book is designed as an introduction for counsellors its goal is to inform the reader about how the diverse roles of the islamic counsellor fit together in a comprehensive way and to provide the guidelines that can be potentially integrated into a theoretical framework for use

the book is divided into two parts section one context and background and section two assessment models and intervention strategies islamic counselling encompasses both current theory research and an awareness of the practice implications in delivering appropriate and effective counselling interventions with muslim clients it will be essential reading for both professionals and students alike

this brand new textbook provides a concise and informative overview of environmental policy and politics in the european union it includes a thorough analysis of the traditional areas of environmental concern such as pollution and natural resources as well as newer environmental issues including gmos and climate change throughout this clear and readable introduction the authors emphasize the interdependence between eu environmental policy and changes at the global level focusing in particular on the eu s role in global environmental governance the authors didactic approach means this text will be invaluable to undergraduate and postgraduate students of environmental politics policies and governance in the eu as well as ma programmes with a global focus including international relations and eu studies

this volume brings together a selection of papers proposed for the proceedings of the 42nd computer applications and quantitative methods in archaeology conference caa hosted at paris 1 pantheon sorbonne university from 22nd to 25th april 2014

get one step closer to becoming a county licensed irrigation contractor in florida with a prep course designed by 1 exam prep to help you conquer the required prov trade examination our exam prep course includes highlighting and tabbing location for each required book so you can quickly and easily reference your materials during the exam hundreds of practice questions help you become familiar with each reference book testing techniques that are an indispensable part of passing these open book exams

the law of bitcoin is the definitive guide to navigating the rules in the dynamic world of cryptocurrency this book is the first of its kind delving into cryptocurrency law in four jurisdictions canada germany the united kingdom and the united states written by knowledge leaders in the legal cryptocurrency space the law of bitcoin addresses such topics as the intersection of cryptocurrencies and criminal law taxation anti money laundering and counter terrorist financing regulations securities law consumer protection negotiable instruments currency law and financial regulation the law of bitcoin will be a leading resource and go to text both for those wishing to understand the basics of how the law affects cryptocurrency and for those in the legal community searching for sophisticated answers to more advanced questions it is unique because the authors concisely and objectively explain how bitcoin and bitcoin are lawfully viewed they provide relevant up to date clarity in a space that is often nebulous confusing and filled with conflicting partisan information the authors arrive at what will likely be unpopular conclusions that are only possible because they are not seeking to defend special interest groups this includes issues such as fungibility which is handled in a manner that flips the conventional narrative within the bitcoin community on its head yet is important for any entrepreneur developer investor and user in the nascent space the law of bitcoin is a helpful guide to novices and veterans alike tim swanson author of the anatomy of a money like informational commodity and great chain of numbers

this book examines the crisis in ukraine through the lens of triangular diplomacy which focuses on the multiple interactions among the european union the united states and russia it is explicitly comparative considering how the us and eu responded to ostensibly the same crisis it also adopts a 360 degree perspective focusing on how the us and eu interacted in their dealings with russia and how russia and ukraine have responded chapters focus on each of the four protagonists the eu the us russia and ukraine and on key cross cutting aspects of the crisis sanctions international law and energy the book thus contrasts a conventional if exceptional great power the us with a very non traditional foreign policy actor the eu it would be suitable for both undergraduate and graduate courses on the eu s external policies and engagement in world affairs eu us

relations eu russia interactions or regional security issues

master s thesis from the year 2015 in the subject politics topic international organisations grade no grade yet university of aarhus course international studies language english abstract the unprecedented scope and implications of the 2014 ebola outbreak in west africa has confronted the international community with challenges in responding to the crisis on 19 september 2014 the first ever un emergency health mission united nations mission for ebola emergency response unmeer was established unmeer was set up as a temporary mission to bring together un agencies and capabilities in the response and closely collaborate with governments ngos member states and other relevant actors with the main strategic objective to stop the ebola outbreak this thesis investigates the effects of unmeer on the global ebola response as a whole and assesses whether the establishment of the mission was the right decision to make from the un side in response to the outbreak in this regard the context in which unmeer was established is scrutinized by examining the challenges faced in the outbreak and how these were approached by the international community the analysis is predominantly based on qualitative primary data collected through individual semi structured interviews with respondents who are or have been directly involved in the ebola response as well as on secondary data findings show that unmeer had a positive impact on the response in various respects the exceptional decision from the un side to establish the first ever emergency health mission increased worldwide awareness of the outbreak and catalysed a high level political and financial international engagement in the response furthermore there seems to be a positive attitude towards unmeer s role in bringing together un agencies under a single structure in the response as well as the logistics support provided by unmeer to un agencies and other partners working in the response however due to a lack of presence and a limited number of staff in the affected countries effective collaboration with organizations involved on the ground did not sufficiently materialize findings indicate that overall responders were not satisfied with unmeer s impact on the ground this seems to be rooted in i a a significant gap between responders expectations and perceptions of unmeer due to lack of clear information from unmeer s side on what exactly

could be expected of the mission drawing on research findings and lessons learned from the outbreak instead existing resources and systems under the un office for the coordination of of humanitarian affairs ocha should have been reinforced
