a complex healthcare system involving many moving parts often makes us forget what matters most is the people marlett presents her observations of the inner workings of the hospital system with a book that tells what it is really like to work in one as a nurse not only does marlett tell us her story but she also tells us her patients stories and it s their stories that ultimately form the heart and soul of marlett s book dylan ward the us review of books if i was considering a career change this book might encourage me to become a nurse or it might dissuade me from becoming a nurse either way it s a no holds barred look at nursing alice marlett s writing is so descriptive that readers will feel like they re on the hospital floor with her joe wisinski readers favorite i liked the uncompromising honesty

concerning cases of negligence in health facilities further the book sufficiently explores the risks associated with understaffing in nursing kibetious online book club

explains what nurses do during a typical work day

this small pocket sized book provides a solid introduction to aspects of care and management in critical care the book contains not only information on patient assessment ventilation haemodynamic monitoring emergencies critical care interventions common conditions and pharmacology all clearly relating to critical care but also psychological professional practice issues palliative care and caring for relatives it provides the factual information needed to assist nurses in providing holistic care in the critical care environment in an accessible format pocket book format makes the book portable and user friendly pull out boxes highlight hints and tips for practice diagrams used to explain clearly difficult concepts

provides guidance for the spiritual care of all patients with varying ailments

outspoken writings by the founder of modern nursing record fundamentals in the needs of the sick that must be provided in all nursing covers such timeless topics as ventilation noise food more

first published in 1860 this short work was developed by nursing pioneer florence nightingale for use at her training school in england but it is meant for anyone entrusted with the well being of another and offers commonsense suggestions for all caregivers charged with looking after the sick and injured while some of the information is dated there remains a wealth of timeless advice as well as an intimate peek into a moment in medical history topics covered include ventilation and warming noise bed and bedding light cleanliness and the benefit of variety in a patient s surroundings british nurse and teacher florence nightingale 1820 1910 established the nightingale training school in 1860 and transformed nursing from a profession for poor women into a noble occupation she was awarded the order of merit by the queen of england in 1907 for her contributions to medicine

nurses are the largest population of healthcare providers practicing in both urban and remote areas across the globe currently the nursing profession is in the midst of a significant shortage as aging baby boomers retire and a nursing faculty shortage forces many colleges and universities to turn away qualified applicants as healthcare needs of the population become more complex and technologies advance our world needs nurses now more than at any other time in history this book provides the reader with a wide overview of the many vast roles within the nursing profession showing that the responsibilities are complex challenging and rewarding it will allow the reader to understand the current job market for nurses and perhaps even persuade some to choose this rewarding profession

a first of its kind this ground breaking book combines print and interactive resources that provide nursing students with the most effective learning experiences leadership in nursing consists of chapters that emphasize interactive learning by interweaving internet based activities to encourage student involvement and critical thinking leadership in nursing principles and practices is the first resource that combines the most up to date leadership and management content with interactive application based activities ensuring that nurses are prepared to lead and manage in today s healthcare environment
