accompanying an eight part television series this book tells of the transformation of Japan from a humiliated and defeated country in 1945 to one of the world's leading commercial and industrial powers the book includes testimonies from many of the individuals who helped wreak this change

few historians have attempted an account of Japan since 1945 yet the country's emergence as the second largest economy in the world has been one of the most dramatic and significant developments since the second world war dennis smith's work takes a deliberately historical approach in the belief that it is impossible to assess the nature of post war Japan's achievement without first considering the significance of the pre war and wartime legacy it blends politics and economics aware that in Japan the close links between the worlds of politics government and of business deny rigid divisions

in a rare combination of comprehensive coverage and sustained critical focus this book examines Japanese history in its entirety to identify the factors underlying the nation's progression to superpower Japan's achievement is explained not merely in economic terms but at a more fundamental level as a product of historical patterns of response to circumstance Japan is shown to be a nation historically impelled by a pragmatic determination to succeed the book also highlights unresolved questions and little known facts

the ancient civilization of japan with its shinto shrines and buddhist temples is also closely associated with all that is new and modern looking outward japan sees what it has become since hiroshima the world s second largest economy a source of fury and wonder a power without arms looking inward japan sees old ways shaken and new ones developing at a hectic pace japan in the twenty first century offers compelling insights into the current realities of the country and investigates the crucial political economic demographic and environmental challenges that face the nation a combination of text maps and photographs provides an essential understanding of japan s geography cultural heritage demography economic and political development and of many other important issues pradyumna p karan explores the obstacles and opportunities that will shape japan and affect the world community in the coming years he highlights strategies and policies that will facilitate economic and political change and stimulate the development of effective institutions for long term sustainable prosperity and economic vitality unique field reports drawn from direct observations of events and places in japan illuminate japanese traditions and sensibilities the first full length english language textbook on japan s geography culture politics and economy to appear in nearly four decades japan in the twenty first century will be a vital resource for researchers academics general readers and students of japan pradyumna p karan professor of geography and japan studies at the university of kentucky is the author or editor of numerous books on asian geography and culture including the japanese city and japan in the bluegrass

few historians have attempted an account of japan since 1945 yet the country s emergence as the second largest economy in the world has been one of the most dramatic and significant developments since the second world war dennis smith s work takes a deliberately historical approach in the belief that it is impossible to assess the nature of post war japan s achievement without first considering the significance of the pre war and wartime legacy it blends politics and economics aware that in japan the close links between the worlds of politics government and of business deny rigid divisions

this detailed and lucid volume is an essential resource for students of asian studies and international politics

this title was first published in 2000 an account of the 1988 us japan science and technology agreement 88sta the research methodology of the study is based on interviews and analysis of the relevant documents and articles augmented by an analysis of selected studies on us japan and science and technology relations the author hopes to increase the reader s understanding of the bureaucratic process and negotiations within the us and japanese government in drafting an agreement and the interaction of the negotiators in the outcome increase our knowledge about how the us japanese relationship in science and technology in the public sector is managed throw some light on how domestic factors impact on preparing for a negotiating a new agreement between the us and japan on science and technology develop insights into the negotiating styles of each country assess its role as a model agreement for negotiating similar agreements with other countries learn some lessons for future negotiations with japan in the science and technology area and with other countries if this agreement is to be used as a model

gorbachev s transformation of both soviet socialism and the cold war world atmosphere kindled a far reaching debate in japan would japan at last free itself of its secondary

postwar standing would a new soviet system and world order soon be established gilbert rozman argues in japan s response to the gorbachev era that japanese perceptions of the soviet union are distinctive and are helpful for understanding what will become an influential worldview focusing on diverse opinion leaders and the relationship between the japanese media policy making and public opinion rozman shows how long standing negative images of soviet socialism and militarism have been reconsidered since the mid 1980s his analysis treats burning issues such as the northern territories dispute the soviet commitment to reform and the soviet american relationship it also sheds light on japanese views of soviet history modernization and national character such views reveal some of the building blocks for the emergent japanese worldview originally published in 1992 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

after five decades of cold war japan is assuming a new kind of superpower role in the multipower configuration that is replacing the former bi polar world argue the editors of this book they analyze japan s effort to rise to superpower status by concentrating on economic trade and financial factors rather than on the military might that conferred great power status in the past

focusing especially on newly industrializing economies and the regional group asean sing asian pacific studies waseda u japan examines the dynamics of the relationship between japan and asia and her influence and involvement in regard to investment development aid trade frictions and non tariff barriers
