accompanying an eight part television series this book tells of the transformation of japan from a humiliated and defeated country in 1945 to one of the world s leading commercial and industrial powers the book includes testimonies from many of the individuals who helped wreak this change

after five decades of cold war japan is assuming a new kind of superpower role in the multipower configuration that is replacing the former bi polar world argue the editors of this book they analyze japan s effort to rise to superpower status by concentrating on economic trade and financial factors rather than on the military might that conferred great power status in the past

this controversial study examines japan s economic nationalism which forms the basis of central government policy i e the system in which business and politics are inseparable and which impacts on japan s relations with the world

in 1945 as part of the occupation forces sent to postwar japan nick zappetti a native of italian east harlem entered a world as strange as any he had ever know in postwar tokyo however he realised there were certain opportunities he had a failed stint as a professional wrestler and participated in a fumbled but famous diamond heist he was deported but managed to return with the assistance of the mafia then nick opened a pizza joint in what would be the centre of tokyo s nightlife and became the king of roppongi and mafia boss of tokyo and the intimate of some of japan s most notorious underworld figures as well as many of its political and business leaders following zappetti s rising and falling fortunes and his love hate relationship with his adopted country robert whiting show us the sinister and sometimes ridiculous goings on among

tokyo's traditional criminal gangs as they developed from local racketeers and gamblers into lynchpins of international finance politics and corruption here is a fresh perspective on postwar japan and how it went from being a defeated nation to an economic player with a little help from some less than diplomatic friends

in this important new and controversial study about the nature and focus of the japanese economic agenda the author argues forcefully that the official mind set of leading bureaucrats top politicians and big business makes it virtually impossible for the western industrialized world to do business on an equal footing put simply it is a question of western free market economics facing japanese economic nationalism which is by its very nature both an expansive and a protectionist ideology international observers continue to ask is japan changing or more forcefully is japan capable of change notions of reform and restructuring are today part of the japanese lexicon but appear to hold little substance trevor argues that any western notion of japan changing fundamentally i.e. adopting western or anglo saxon philosophies is facile completely unrealistic this book is for everyone who wonders what motivates japan's politico economic system and whether it is changing

this detailed and lucid volume is an essential resource for students of asian studies and international politics

japan is one of the world's most important societies yet remains one of the least understood this book is designed to fill the gap for a concise but thought provoking introduction to all aspects of the country's political economic and social life set in a clear historical context the author's starting point is that the study of japan is contested territory where even such apparently simple questions such as who is in charge spark considerable disagreement and controversy among experts to understand contemporary japan duncan mccargo argues it is necessary to get to grips with a range of different perspectives on japanese political and social structures integrating contrasting perspectives throughout the core chapters of the book focus on the changing economy government and politics society and culture and japan's place in the wider world the new third edition of this popular text has been fully revised and updated throughout to cover key developments such as the historic end of ldp rule in 2009 this accessible and lively book will be essential reading both for students and general readers who want to know more about this important country

as the major geopolitical power bloc asia with 4 billion people two thirds of the world's population a huge land mass and the fastest growing economies has shifted the global political balance empires at war gives a dramatic narrative account of how modern asia came into being ranging over the whole of asia from japan to pakistan the modern history of this important region is placed in the context of the struggle between america and the soviet union francis pike shows that america's domination of post war asia was a continuation of a 100 year competition for power in the region he also argues cogently that contrary to the largely western centric viewpoint asian nations were not simply the passive and biddable entities of the superpowers but had a political development which was both separate and unique with a dynamic that was largely independent of the superpower conflict and in conclusion the book traces the unwinding of american influence and the end of its empire a crucial development in international history which is already having repercussions throughout the world

this book explores how us japan post war relations have moved from hostility to close friendship

28 senior academics from japan and the west reveal japan at the international

crossroads of its identity as an economic superpower but also as society in the throes of change in Japanese society today the postwar transformation of Japan from a militaristic feudal state with a god emperor to a capitalist oligarchy has come at the cost of a massive industrialization and urbanization

uniquely covers the economic history of Britain and Japan over the last century

Japan's National Security offers a detailed examination of Japan's distinctive security policy. It traces in considerable detail the evolution of Japan's approach to the economic, political, and military dimensions of national structures of government as well as a particular set of relations between state and society. One of the noteworthy aspects of this book is its detailed attention to the transnational links between the Japanese and the American militaries. The book accords a special place to the interaction between the legal and social norms that have affected Japanese conceptions of national security since 1945. Japan's National Security offers an important, meticulously researched and up-to-date perspective on the role that Japan is likely to play after the Cold War together with defending the Japanese state. These two monographs analyze the structures and norms that are shaping Japan's policy on internal and national security. The specific focus is on governmental, state, society, and transnational structures as well as the social and legal norms that affect the policies of Japan's police and self-defense forces.

At the end of the 20th century, Japan is once again at a crossroads undergoing fundamental transformation as it did when it opened its doors to trade in the 19th century and renounced its feudal past or when it rose from the ashes of World War II as a mighty economic machine. Today's recession and real estate and financial crises reflect, however, a confluence of trends that are proving that its current model for economic growth is unsustainable.

Recognizing the way ways to get this ebook **Nippon New Superpower Japan Since 1945** is additionally useful. You have remained in right site to begin getting this info. acquire the Nippon New Superpower Japan Since 1945 link that we come up with the money for here and check out the link.
