footprints in the mind is a collection of short stories in two parts i was tempted to call the stories footprints in the sand but on reflection i realized that footprints in sand do not last very long whereas the footprints i wish to describe are embedded in my mind i hasten to add however that the stories are fictional i probably have met some people like those in the stories and perhaps at some subconscious level they are real but my stories are a work of fiction i cannot honestly say where they come from they seem to pop up out of nowhere
