the dark side of healthcare draws uncomfortable lessons from over 300 case studies of  
events that occurred in the healthcare sector health services have many skilled and  
dedicated professionals but there is a dark side that cannot be ignored the unthinkable has  
happened and might have been prevented the case studies from many countries include  
serial killers with a health background drugs and medical devices that proved to be  
dangerous negligent and poor clinical practices as well as incompetent and weak  
management that led to failing hospitals and harm to patients there are also corruption  
cases accidents at work and cases involving the sexual exploitation of children politicians  
early responses to covid 19 and the subsequent missteps are also scrutinised many of the  
errors and omissions that led to patient harm have been repeated this book is not an attack  
on health services or health professionals instead it is a search for ways of making health  
delivery safer for patients and staff who deliver care often in challenging circumstances  
its focus is learning rather than blame
