this work aims to analyse substantive and conflict of laws rules regarding intermediated securities in a comparative way for this purpose it examines major jurisdictions rules for intermediated securities and the intermediated securities holding systems such as the rules of the german us korean japanese and swiss systems as well as the relevant eu regimes and initiatives above all it analyses the two international instruments related to intermediated securities i e the geneva securities convention and the hague securities convention through a functional comparative approach based upon legal traditions of the various jurisdictions this book gives readers theoretical and practical information on intermediated securities and their national and international aspects

includes bibliographical references p 468 473 and index

the authors of this study challenge the assumptions of the world bank that the expansion in informal cross border trade is a vindication of the market liberalizing thrust of structural adjustment and that adjustment policies have improved the effectiveness of an independent bourgeoisie that is emerging out of this trade as an agent of regional integration instead they make the case for the adoption of what they call a development approach for tapping the benefits of the informal currency markets as an alternative to the market coercion of structural adjustment

the guide contains information the drafting of payment clauses financing agreements and guarantee provisions in international contracts including examples of contract clauses topics covered include terms and modalities of payment forms of credit documentary collections rules and techniques of islamic financing international financial leasing and international refinancing including the assignment of receivables guarantees in international trade securities applicable law and dispute settlement

this publication contains the papers presented at the waidding conference on international business transactions in march 1996 lawyers from europe asia and the americas cover a wide variety of issues pertinent to attorneys involved in international dealings this is an essential handbook for persons involved in international transactions it deals with such topics as u s federal securities and income tax considerations for foreign companies entering the u s capital market considerations of the legal mentality in japan patent infringement agency and distribution licensing intellectual property securities cross border services transactions this title will prove useful to attorneys seeking insight into the complicated nature of international transactions and an awareness of their possible dangers

the paper examines the usage of the renminbi rmb as an international payment currency globally the use of rmb remains small accounting for 2 percent of total cross border transactions using country level transaction data from swift for 2010 21 we find significant regional variations in the use of rmb for cross border payments while rmb is little used in some regions it has gained traction in others and these cross country differences have widened over the years such differences can be partly explained by an economy s geographic distance political distance and trade linkages with china however it also reflects the impact of policy measures by the people s bank of china including establishing bilateral swap lines and offshore clearing banks both policy measures helped to address offshore rmb liquidity shortages given china s overall capital account restrictions with the offshore clearing banks having a quantitatively larger impact our analysis contributes to a better understanding of the growing importance of rmb within the international monetary system

this report sheds light on international transfer pricing itp by moving away from primary tax focus by examining one specific intra group cross border transaction between 12 mnes the resulting micro level of analysis provides a qualitative in depth understanding of itp in various sectors

legal issues that have traditionally been treated as domestic are increasingly governed by transnational law and numerous obscure tribunals this book acquaints students of law and politics with the largely unrecognized authority of transnational legal systems and the ways boundaries of national sovereignty are being eroded in the 21st

century the editors have skillfully organized their collection around issues dealing with both human rights and issues of trade and used a comparative approach to analyze the many court decisions treaties and legal agreements that affect national sovereignty among subject areas included are courts and regional trade agreements dispute resolution under nafta and universal criminal jurisdiction this is an edited book that brings together in one highly readable place a crisp and engaging look at transnational courts in today s global world in sum courts crossing borders is a quality effort that deserves careful reading enhancing a deeper understanding of this timely topic it is a book that can be profitably studied by students scholars and the curious public law politics book review 2005
