this radical book aims to inject new insight and urgency into the discourse on the retrofitting of commercial and residential buildings in the face

of the climate emergency it is about the why how and who should take the lead in revolutionising buildings in the face of serious climate and social change buildings contribute very significantly to the output of carbon particularly in developed countries where the stock is old but it is neither feasible nor desirable to demolish them all and start again if existing buildings cannot in be replaced in the short term by new zero carbon stock retrofitting and adaptation of the existing building stock is critical and urgent this book explains why and how the improvement of buildings requires a complex holistic approach that brings all stakeholders together with respect and understanding yet to do this against a limited time frame is challenging the book analyses what must be done explores how it could be achieved and sets out a manifesto for action by all those engaged from policy makers to educationalists designers constructors investors funders and occupiers by bringing together authors from across the built environment disciplines the book stimulates debate within policy practice and education circles which must lead to action if we are to avoid catastrophe this is a unique addition to the literature on the sustainability of existing buildings and their retrofitting for the benefit of all

this book traces the fascinating history of what montrealers still call the city s grande dame from the complex s earliest beginnings with developer william zeckendorf through its later transformations the reader will discover in these pages a broad swath of our architectural heritage replete with lavish illustrations authored by a team of seasoned writers to coincide with the celebrations surrounding the 50th anniversary of the complex this book is intended for both architecture enthusiasts the people who shaped this showplace of corporate life and anyone who is simply curious to know more about the circumstances surrounding the creation of this skyscraper that has been is still today and will continue to be the pride of montrealers

published papers whose appeal lies in their subject matter rather than their technical statistical contents medical social educational legal demographic and governmental issues are of particular concern
