the israel yearbook on human rights an annual published under the auspices of the faculty of law of tel aviv university since 1971 is devoted to publishing studies by distinguished scholars in israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the state of israel and the jewish people the yearbook also incorporates documentary materials relating to israel and the administered areas which are not otherwise available in english including summaries of judicial decisions compilations of legislative enactments and military proclamations

the volume presents an extensive investigation into the process of reforms of detention powers in today s china and offers an in depth analysis of the debates surrounding the reformist attempts the chapters in this collection demonstrate that legislative and institutional reforms in this area result from political opportunities openings and tensions at the central institutional levels of political authority and contingent social and political factors the book examines legal and institutional reforms to institutions of detention and imprisonment that have occurred since the 1990s with a particular focus on the 21st century its content follows three particular lines of enquiry concerning the issue of deprivation of liberty in contemporary china the first deals with the academic and theoretical debates on the subject of imprisonment and detention the related chapters explain the difficulties encountered in this area of research and understandings of the discourses of reform through labour in western and chinese scholarship the second deals with the specific issues of criminal and administrative forms of deprivation of liberty examining in particular the institutional and legislative dimensions considering the relationship between reforms and criminal justice policy agendas the third assesses the meaning of institutional reforms in the context of the changing state society relationship in contemporary china

this book is about enforcing privacy and data protection it demonstrates different approaches regulatory legal and technological to enforcing privacy if regulators do not enforce laws or

regulations or codes or do not have the resources political support or wherewithal to enforce them they effectively eviscerate and make meaningless such laws or regulations or codes no matter how laudable or well intentioned in some cases however the mere existence of such laws or regulations combined with a credible threat to invoke them is sufficient for regulatory purposes but the threat has to be credible as some of the authors in this book make clear it is a theme that runs throughout this book carrots and soft law need to be backed up by sticks and hard law the authors of this book view privacy enforcement as an activity that goes beyond regulatory enforcement however in some sense enforcing privacy is a task that befalls to all of us privacy advocates and members of the public can play an important role in combatting the continuing intrusions upon privacy by governments intelligence agencies and big companies contributors to this book including regulators privacy advocates academics smes a member of the european parliament lawyers and a technology researcher share their views in the one and only book on enforcing privacy

recognising one of the most honoured performers of all time the elton john activity book is a celebration of a musical great perfect for the long standing superfan or for those wanting to dive head first into elton s world this is a sir elton john lovefest

from renowned human rights lawyer michael sfard an unprecedented exploration of the struggle for human rights in israel s courts a farmer from a village in the occupied west bank cut off from his olive groves by the construction of israel s controversial separation wall asked israeli human rights lawyer michael sfard to petition the courts to allow a gate to be built in the wall while the gate would provide immediate relief for the farmer would it not also confer legitimacy on the wall and on the court that deems it legal the defense of human rights is often marked by such ethical dilemmas which are especially acute in israel where lawyers have for decades sought redress for the abuse of palestinian rights in the country s high court that is in the court of the abuser in the wall and the gate michael sfard chronicles this struggle a story that has never before been fully told and in the process engages the core principles of human rights legal ethics sfard recounts the

unfolding of key cases and issues ranging from confiscation of land deportations the creation of settlements punitive home demolitions torture and targeted killings all actions considered violations of international law in the process he lays bare the reality of the occupation and the lives of the people who must contend with that reality he also exposes the surreal legal structures that have been erected to put a stamp of lawfulness on an extensive program of dispossession finally he weighs the success of the legal effort reaching conclusions that are no less paradoxical than the fight itself writing with emotional force vivid storytelling and penetrating analysis michael sfard offers a radically new perspective on a much covered conflict and a subtle painful reckoning with the moral ambiguities inherent in the pursuit of justice the wall and the gate is a signal contribution to everyone concerned with the israeli palestinian conflict and human rights everywhere

this book offers a comprehensive comparative perspective on the increasingly significant development cooperation activities of the brics providing a powerful set of insights into the drivers for engagement within each country it brings together leading experts from brazil russia india china south africa and oecd countries the authors review the empirical evidence for the brics modes of development cooperation and their geographical reach and explore the historical background and patterns of international development engagement of each country they also present a cutting edge analysis of the broader geopolitical shifts distinctive ideologies and normative discourses that are influencing and informing their engagement in increasingly ambitious joint projects such as the new development bank this collection is essential reading for anyone seeking to understand the rapidly changing landscape of international development

the women peace and security wps agenda is celebrated as a landmark global framework for achieving gender equality in peace and security governance its power is visible in two decades of united nations resolutions national action plans regional initiatives and countless activist academic and philanthropic projects yet despite this vitality it is haunted by failure as a lack of political will and stubborn patriarchal resistance frustrate its promise this book offers a groundbreaking critical

account of the wps agenda exploring its evolution in relation to the wider politics of global governance and feminism paul kirby and laura j shepherd argue that wps is not a settled cohesive policy but a field in flux defined and disrupted by a growing number of national supranational subnational and transnational agents who in turn act on an expanding catalogue of threats from climate change to homophobia challenging traditional boundaries of peace and security kirby and shepherd reconceptualize wps as a policy ecosystem tracing interaction and contestation around the agenda across levels from the un security council to military alliances to feminist activists they combine analysis of a vast dataset of policy documents with key informant interviews and close readings of diplomacy statecraft the politics of indigeneity counterinsurgency antimilitarism human rights and the arms trade across the first twenty years of wps far reaching and incisive governing the feminist peace poses a provocative question what if we abandoned the idea of the wps agenda as a unified political project altogether

with democracy in decline authoritarian governments are staging a comeback around the world over the past decade illiberal powers have become emboldened and gained influence within the global arena leading authoritarian countries including china iran russia saudi arabia and venezuela have developed new tools and strategies to contain the spread of democracy and challenge the liberal international political order meanwhile the advanced democracies have retreated failing to respond to the threat posed by the authoritarians as undemocratic regimes become more assertive they are working together to repress civil society while tightening their grip on cyberspace and expanding their reach in international media these political changes have fostered the emergence of new counternorms such as the authoritarian subversion of credible election monitoring that threaten to further erode the global standing of liberal democracy in authoritarianism goes global a distinguished group of contributors present fresh insights on the complicated issues surrounding the authoritarian resurgence and the implications of these systemic shifts for the international order this collection of essays is critical for advancing our understanding of the emerging challenges to democratic development contributors anne applebaum anne marie brady alexander cooley javier corrales ron deibert larry diamond patrick merloe abbas milani andrew nathan marc f
