this is classic hollywood history as told through the life and career of one of its most iconic actresses the book benefits tremendously from the author's meeting with olivia de havilland after he was assigned to handle her projected memoir at the delacorte press in 1973 amburn also knew many of the key figures in her life and career a veritable pantheon of hollywood royalty from the 30s 40s and 50s jimmy stewart george cukor and david o selznick and he was an editor at william morrow when the company published the autobiography of de havilland's difficult sister joan fontaine superbly researched and full of delicious anecdotes about clark gable john huston vivien leigh laurence olivier montgomery clift errol flynn david niven and bette davis particularly the bloody bone crunching fistfight flynn and huston waged over olivia this book not only profiles one of the finest actresses of her time but also the culture of the film industry's golden age it details de havilland's relationships with the men who sought her howard hughes jimmy stewart errol flynn john f kennedy burgess meredith and john huston as well as her friendships with grace kelly british prime minister edward heath ronald reagan victor fleming and ingrid bergman here too are the fabulous and often surprising back stories of her 49 films including gone with the wind the adventures of robin hood the snake pit hush hush sweet charlotte and the two for which she won oscars the heiress and to each his own the account of the filming of gone with the wind is unique in that the author interviewed many of the people involved in the epic making of this masterpiece as lois dwight cole who discovered the novel producer david o selznick director george cukor agents kay brown and annie laurie williams radie

harris vivien leigh s closest friend in the press and both edie goetz and irene mayer selznick daughters of louis b mayer head of mgm the studio that funded released and ended up owning gone with the wind also included in this biography are olivia s adventures with bette davis they appeared together in four movies and davis tried to destroy her but olivia stood up to davis as no other actress had ever dared to do she won davis s respect and by the time they made their biggest hit hush hush sweet charlotte a lasting friendship had blossomed undertaking a joint national publicity tour they attracted mobs of boisterous fans and in private reminisced about the golden age of movies evaluated the current crop of stars and exchanged observations about love goddesses nudity and parenthood

there is much more to de havilland s story than her role as melanie wilkes and it s all here a treat for film fans booklist two time academy award winner olivia de havilland is best known for her role as melanie wilkes in gone with the wind she often inhabited characters who were delicate elegant and refined yet at the same time she was a survivor with a fierce desire to direct her own destiny on and off the screen she fought and won a lawsuit against warner bros over a contract dispute that changed the studio contract system forever she is also noted for her long feud with her sister fellow actress joan fontaine a feud that lasted from 1975 until fontaine s death in 2013 victoria amador draws on extensive interviews and forty years of personal correspondence with de havilland to present an in depth look at her life and career amador begins with de havilland s childhood she was born in japan in 1916 to affluent british parents who had aspirations of success and fortune in faraway countries and her theatrical ambitions at a young age the book then follows her career as she skyrocketed to star status becoming one of the most well known starlets in tinseltown readers are given an inside look at her love affairs with iconic cinema figures such as james stewart and john huston and her onscreen partnership with errol flynn with whom she starred in the adventures of robin hood and dodge city after she moved to europe de havilland became the first woman to serve as the president of the cannes film festival in 1965 and remained active in film and television for another two decades olivia de havilland lady triumphant is a tribute to one of hollywood s greatest legends tracing her evolution from a gentle heroine to a strong willed respected and admired artist

includes pictures includes both actresses quotes about each other and their careers includes a bibliography for further reading famous people feel that they must perpetually be on the crest of the wave not realising that it is against all the rules of life you can t be on top all the time it isn t natural olivia de havilland you know i ve had a helluva life not just the acting part i ve flown in an international balloon race i ve piloted my own plane i ve ridden to the hounds i ve done a lot of exciting things joan fontaine olivia de havilland is one of the last few living actresses who worked during the golden era of hollywood but also one of the most decorated winning dozens of awards over the course of a 50 year career among those she most notably won the academy award for best actress for to each his own 1946 and the heiress 1949 more than a decade after she got her start as an 18 year old in hollywood ironically de havilland was in california in part because the young british girl who had been born in tokyo stopped in the states for medical treatment of course de havilland isn t well remembered for any of those accolades or other movies but because she played melanie hamilton in gone with the wind 1939 perhaps the most famous movie in american history although she was a veteran actress at the time de havilland s career hadn t progressed much since she started and rumor has it that she eventually got the role after her own sister joan fontaine was asked to audition for the part and recommended olivia instead olivia was ultimately nominated for an academy award for best supporting actress and became a household name in her adopted country overnight having been typecast in light romantic comedies before gone with the wind that performance ensured de havilland subsequently had a long productive and versatile career making everything from westerns and dramas of those movies she is perhaps most closely associated with the enigmatic errol flynn another foreign born actor who was more notorious for his roles off the screen than on it before his untimely death they appeared in several films together and became one of hollywood s most popular on screen couples although fontaine and de havilland would make history by becoming the only sisters to both win an academy award for best actress that anecdote was just one of the various

stories about the siblings that has shed light on their notoriously contentious and complicated relationship as fontaine once put it i married first won the oscar before olivia did and if i die first she ll undoubtedly be livid because i beat her to it de havilland herself once said joan is very bright and sharp and can be cutting of course one of the reasons people have remained interested in the sisters is that both of them had such long acting careers and fontaine became best remembered both for a career that spanned 60 years and several high profile marriages with typical humor fontaine joked about the fact she had so many husbands commenting in jest if you keep marrying as i do you learn everybody s hobby but that attention has only served to obscure her very serious professional career which saw her won the oscar for best actress for her role in alfred hitchcock s suspicion 1941 she also earned a nomination for her performance in the constant nymph 1943 and in a television career that spanned several decades she earned an emmy nomination for her work on ryan s hope in 1980 nearly 40 years after winning the academy award for suspicion fontaine even appeared on broadway in a couple of productions that ran for several years this book profiles the life and career of two of hollywood s most prolific actresses along with pictures of important people places and events you will learn about the sisters like never before
