chicago was a tumultuous and exciting city in 1889 immigration industrialization urbanization and politics created a vortex of social change this lively chaos called out for both celebration and reform and two women ellen gates starr and jane addams responded to this challenge by founding the social settlement hull house although addams is one of the most famous women in american history and a major figure in sociology starr remains virtually unknown on art labor and religion is the first anthology of starr's writings and biography and makes evident her contributions to national and international sociological thought and practice

this companion is an essential contribution to the study of historical materialism in general and the social history of art in particular each chapter in the collection focuses on a key figure concept or historical epoch increasingly scholars adopt an array of marxist methods intertwined with a host of other theoretical practices particularly the historiography of key issues regarding hegemony ideology and identity ideological issues of connoisseurship patronage and analyses of the artwork as a form of labor and leisure are essential to the practice of marxisms in art history this collection spotlights a plurality of marxian theories in which the ideas of such figures as walter benjamin guy debord and t j clark are debated and developed through analyses of the socio historical conditions that impact how art is produced circulated and received this ultimately underscores that the historical contextualization of artworks and their markets within a class based society is crucial for writing socially engaged art history this book will be of interest to scholars working in art history visual studies visual sociology communication studies and the sociology of art

economics is the nexus and engine that runs society affecting societal well being raising standards of living when economies prosper or lowering citizens through class structures when economies perform poorly our society only has to witness the booms and busts of the past decade to see how economics profoundly affects the cores of societies around the world from a household budget to international trade economics ranges from the micro to the macro level it relates to a breadth of social science disciplines that help describe the content of the proposed encyclopedia which will explicitly approach economics through varied disciplinary lenses although there are encyclopedias of covering economics especially classic economic theory and history the sage encyclopedia of economics and society emphasizes the contemporary world contemporary issues and society features 4 volumes with approximately 800 signed articles ranging from 1 000 to 5 000 words each are presented in a choice of print or electronic editions organized a to z with a thematic reader's guide in the front matter groups related entries articles conclude with references future readings to guide students to the next step on their research journeys cross references between and among articles combine with a thorough index and the reader's guide to enhance search and browse in the electronic version pedagogical elements include a chronology of economics and society resource guide and glossary this academic multi author reference work will serve as a general non technical resource for students and researchers within social science programs who seek to better understand economics through a contemporary lens
