the second edition retains the selection of texts presented in the first edition but offers them in new translations by richard j regan including that of his aquinas treatise on law hackett 2000 a revised introduction and glossary an updated select bibliography and the inclusion of summarising headnotes for each of the units conscience law justice property war and killing obedience and rebellion and practical wisdom and statecraft further enhance its usefulness

complicating the ancient debate over the intersection of morality and politics are diverse definitions of fundamental concepts the right and the good virtue and vice personal liberty and public interest divisions abound also about

whether politics should be held to a higher moral standard or whether pragmatic considerations or realpolitik should prevail perhaps the two poles are represented most conspicuously by aristotle and machiavelli these essays address perennial concerns in political and moral theory and underscore the rekindled yearning of many to hold the political realm to a higher standard despite the skepticism of dissenters who question the likelihood or even the desirability of success

addressing the proper relation of moral and religious belief to politics and law especially constitutional law perry here discusses whether a common moral foundation exists that is capable of providing in a diverse social system like ours consistent guidelines for handling divisive political policy religious and constitutional disputes his study represents a distinctive position in the vast and growing literature on the moral foundations of liberal political and legal life

euchner s carefully researched and cogently argued study of morality politics in europe adds an outstanding piece of research to the ever growing literature on religion and politics its combination of quantitative and qualitative comparative analysis involving a novel data set and cross policy perspectives demonstrates persuasively the role of religion as a resource for political action even in secularized societies michael minkenberg viadrina european university germany building upon the dichotomy between the secular and religious worlds of european morality politics dr euchner plumbs the empirical depths of four nations to unearth a compelling theoretical explanation for when value laden conflicts surface in parliaments with a strong secular religious party cleavage this singularly important volume belongs in the institutional libraries and bibliographic collections of every serious student of public policy analysis especially those of us who focus on morality policy raymond tatalovich loyola university chicago usa this book introduces a new theoretical framework from which to understand religion and morality politics in europe this framework provides a first and rather provocative answer to the general debate on how religion influences policy making processes specifically the book argues that religion is more a strategic resource for political parties than a fundamental normative doctrine shaping political parties policy making behavior in a systematic and coherent way the framework proposes a mechanism i e wedge issue competition that can be used to identify and explain the conditions under which issues related to religious values rise and fall in parliaments of the religious world in europe and what consequences we may expect in terms of policy reforms

originally published in 1946 this book reveals croce s dynamic conception of liberty liberalism and the relation of individual morality to the state the state which he discusses is more than a national government it is a historical conception which takes in all states local and international the volume provides an inspired analysis of the relation of politics and morals individual liberty free enterprise and pragmatic social judgement

tony coady explores the challenges that morality poses to politics he confronts the complex intellectual tradition known as realism which seems to deny any relevance of morality to politics especially international politics he argues that although realism has many serious faults it has lessons to teach us in particular it cautions us against the dangers of moralism in thinking about politics and particularly foreign affairs morality must not be confused with moralism coady characterizes various forms of moralism and sketches their distorting influence on a realistic political morality he seeks to restore the concept of ideals to an important place in philosophical discussion and to give it a particular pertinence in the discussion of politics he deals with the fashionable idea of dirty hands according to which good politics will necessarily involve some degree of moral taint or corruption finally he examines the controversial issue of the role of lying and deception in politics along the way coady offers illuminating discussion of historical and current political controversies this lucid book will provoke and stimulate anyone interested in the interface of morality and politics

a timely contribution from prominent philosophers to the public debate about morality and politics exploring the fundamental problem of their relation and a string of specific issues is political morality more permissive of deception manipulation and violence is there room for morality in international relations is patriotism a virtue what are the moral costs of policies that keep out most of those seeking immigration or asylum may we use torture in the war on terror what are the moral hazards of military obedience

a unique integration of natural law moral and political theory and public policy the moral dimensions of politics provides a thorough exposition of natural law theory examining its practical application to a wide variety of current issues including abortion civil disobedience the fairness of economic distribution and the justice of nuclear war

this book length treatment of reasonable disagreement in politics sheds light on this important and overlooked aspect of political life

in this classic text the first full scale application of cognitive science to politics

george lakoff analyzes the unconscious and rhetorical worldviews of liberals and conservatives discovering radically different but remarkably consistent conceptions of morality on both the left and right for this new edition lakoff adds a preface and an afterword extending his observations to major ideological conflicts since the book s original publication from the impeachment of bill clinton to the 2000 presidential election and its aftermath

bridging the contending theories of natural law and international relations this book proposes a relational ontology as the basis for rethinking our approach to international politics the book contains a number of challenging and controversial ideas on the study of international political thought which should provoke constructive debate within international relations theory political theory and philosophical ethics

public disenchantment with politics has become a key feature of the world in which we live in this book susan mendus asks if politicians can be morally good or whether politics is destined to involve dirty hands or the loss of integrity as many modern philosophers claim

in this sequel to his morality politics and law michael perry addresses the proper relation of moral convictions to the politics of a morally pluralistic society while his analysis focuses on religious morality perry s argument applies to morality generally contending that no justification of a contested political choice can be neutral among competing conceptions of human good the author develops an ideal of ecumenical politics in which moral convictions about human good can be brought to bear in a productive way in political argument
