what should a church do look at your church s calendar and you will learn something of

its mission but how do you know it's the mission Jesus gave in the life of the church? Joe Thorn explains the mission of the church and the three rhythms for fulfilling it. The result is a simple, memorable model for church life and ministry grounded in Scripture and aligned with historic practices useful for training in membership class, discipleship groups, and elder boards. And even for devotional reading, the life of the church is at once theological, practical, and experiential. Readers will not simply be informed but led to a deeper conviction about their role in the body of Christ. Pastors will be equipped to refocus their ministries, and Christians will be able to fulfill their purpose, be and make disciples. If you wonder what it means to be saved into a body of believers, why the various parts of a worship service matter, and how to engage in the world as a citizen of heaven, then the life of the church is for you. It answers this critical question: why does the church exist, and how does it shape my life?

The church in the house: a return to simplicity. The most rapid expansion of Christianity in history took place in the first two hundred fifty years of the church's history. Until recently, something has been happening for the past twenty-five years in China that is growing even faster. What is remarkable is that both of

an upper-level introduction to the Christian doctrine of the church, this book is a rigorous, comprehensive introduction to the doctrine of the church by taking the tack of walking readers through the internal logic of ecclesiology rather than simply offering a compendium of perspectives on each issue that arises. The authors seek to teach and model thinking theologically with the grain of Scripture and ecclesial reflection about the church. The chapters are peppered with two to three excursions per chapter which consider a particularly pertinent issue that arises from the doctrine's development, e.g., the move from Jesus to the church, schism, and the rise of denominations; sacramental mediation; or contemporary concerns, e.g., the question of other religions, contemporary ecumenical questions, the emerging church. While the overall tone and content of the book articulate and invite discussion on the problematics of ecclesiology, these excursions will provide ample opportunity to examine and, where appropriate, untangle ecclesiological knots. Continuum's guides for the perplexed are clear, concise, and accessible introductions to thinkers, writers, and subjects that students and readers can find especially challenging or indeed downright bewildering. Concentrating specifically on what it is that makes the subject difficult to grasp, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material.

As the Protestant reformers did so, twenty-first-century Christians also recognize the need to distinguish between the true and false church. Thus, they find themselves looking closely at the modern church to determine whether it is a true and faithful church. Today's Christians know that proper criteria are necessary to discern the true church. The most

common criteria wrote John Calvin are that the word of God is rightly preached and heard and that the sacraments are administered according to Christ's institution. Moreover, Martin Luther said that suffering is a telltale sign of God's people. While Anabaptist and Reformed Christians included discipline among the distinguishing marks of the church, these standards take on particular poignancy today. The global church continues to live under severe persecution, and the American church, characterized by a lack of discipline, has been wounded by its own sins of chasing sex and power. In this collection of essays, first given at annual meetings of the Evangelical Theological Society, the authors take time to reflect on the reformational marks of the church in order to help reform Christ's bride. With contributions from Edward W. Klink III, Duane Litfin, J. Stephen Yuille, J. V. Fesko, Keith D. Stanglin, Greg Cochran, Jeremy M. Kimble, Guy Waters, Justin I. McLendon.

In the life and way for the practice of the church, Life Witness Lee speaks not only of our need to know Christ but also of our need to receive a vision of the church. His body enjoying Christ as life will lead us into the proper practice of the church. Life in the proper church, life we all live and move as members of the body, guard the genuine ground of oneness and experience Christ in order to present His riches in the meetings for the building up of His body.

Skim the book of Acts and you will find a church that is bold, energetic, empowered, unstoppable—a church in fact that looks nothing like the one we have today. Little wonder so many believers jump from congregation to congregation searching in vain for the real thing in the church. Ken Hutcherson reveals how God's original intention for His church has been distorted under stifling layers of tradition, denominationalism, racism, and fear. Only when we strip away those layers will we discover God's unchanging heart for the church and His unchanging will for us to be a people of truth, of power, of reconciliation, and of love.
