vanuit de design build ervaringen in zijn eigen bedrijf in delft heeft mick eekhout een

geactualiseerde versie geschreven van het boek over de methodologie die hij gebruikt als ontwerper van draagconstructies en bouwconstructies in gevels en daken hij heeft de methodologie ook jarenlang aan studenten onderwezen om standaard bouwproducten te ontwikkelen evenals systeemproducten en speciale producten ofwel bouw componenten het eerste deel van het boek behandelt methodisch werken het tweede deel behandelt voor de drie genoemde hoofdtypen standaard systeem en speciaalproducten de beste methodologie om tot een succesvol resultaat te komen het boek wordt gebruikt om studenten een volledig overzicht over de praktische methodologie van het componentontwerpen en productontwikkelen te geven het boek is nuttig voor architecten die speciale componenten in hun gebouwen willen ontwikkelen bouwproductontwerpers zullen in het boek meer overwegingen vinden dan ze in hun eigen praktijk tegenkomen het doel van dit boek is de innovatieve industriële productontwikkeling van de bouw in de praktijk te bevorderen

i was deeply impressed by this book it is a fresh and original analysis of cultural psychology there is nothing like this on the market the argument is so clear and the material so well constructed that one can't help but argue with the authors at the same time as one is urging them on in one fell swoop they take on the trend to evolutionary psychology the worst of social psychology integrate little known facts with the better known make a plea for the centrality of the body and a practice orientation to psychology explain religious tolerance and intolerance add aging to the mix and come out with a coherent picture of the relation between culture and psychology brilliant really professor henderikus stam university of calgary the book is in one word a gem compared to the many books in the cultural studies field this book reaches far deeper and higher tom ter bogt professor music and youth culture utrecht university the book is written in a lively stimulating provocative style it draws on a wide variety of disciplines apart from psychology sociology anthropology history religious studies philosophy etc as indeed any good book about culture should indeed this multidisciplinary perspective is perhaps the book's main strength david ingleby professor of intercultural psychology utrecht university this book presents both an innovative theoretical account of the persistence of behavioural patterns and an intriguing and detailed analysis of five central areas of cultural problem solving both theory and empirical analysis are coherent and consistent and complicated issues usually are clarified by many well chosen examples that can easily be related to current cultural themes and debates moreover the book is written in a fluent style ruud abma professor of social science utrecht university
