usually given short shrift in most histories of world war ii hitler s invasion of poland was more than a series of opening salvos it was a testing ground for german brutalities to come this is a comprehensive study of the campaign including insights into its ideological underpinnings

from the opening shots of world war ii in poland in september 1939 through the blitzkrieg to the fall of france and the low countries the german army was at the forefront of battle it remained in the thick of the action the eastern front north africa the balkans scandinavia north west europe right up until the last desperate shots were fired over the ruins of a crumbling third reich in may 1945 as the instrument with which hitler was to achieve his plan for world domination the german army was at the cutting edge of 20th century military technology before the emergence of the us army as a force to be reckoned with later in world war ii the german army was the most powerful efficient and well equipped fighting force in the world

an amazing enlightening and endlessly entertaining look at how weather has shaped our world throughout history great leaders have fallen the outcomes of mighty battles have been determined and the tides of earth shattering events have been turned by a powerful inscrutable force of nature the weather in blame it on the rain author laura lee explores the amazing and sometimes bizarre ways in which weather has influenced our history and helped to bring about sweeping cultural change she also delights us with a plethora of fascinating weather related facts did you know that more britons die of sunburn every year than australians while offering readers a hilarious overview of humankind s many absurd attempts to control the elements if a weather produced blight hadn t severely damaged french vineyards there might never have been a california wine industry what weather phenomenon was responsible for the sound of the stradivarius if there had been a late autumn in russia hitler could have won world war ii did weather play a part in truman s victory over dewey eye opening edifying and totally unexpected blame it on the rain is a fascinating appreciation of the destiny altering vagaries of mother nature and it s even more fun than watching the weather channel

looks at siege warfare employed by prussia against fortifications in france during the franco prussian war
