at last there is a lucid well written ob book which covers key issues required in ob teaching but which has a mind of its own students and faculty will recognize this is more than standard fare bill cooke manchester business school

this book argues that if we are to think differently about management we must first rewrite management history

topics covered include interpersonal communication group communication written presentation oral presentation and the use of electronic media

covering such topics as individual behaviour and organization structure this work includes a free cd rom containing the full text custom video cases and an internet connection to the book specific site

bridging current theory with practical applications the toolkit combines conceptual models with concrete examples and useful exercises to dramatically improve the knowledge skills and abilities of students in creating effective change the second edition takes a pragmatic action oriented approach emphasizes the measurement of change demonstrates principles and applications using real world examples exercises and cases offers an integrated organizational change model so students can see the connections between topics and chapters

this book re examines management theory after globalization combining key names and studies from across the world it explores the local realities that resist universal theories and that permeate the daily lives of practising managers the book provides a comprehensive and critical reflection on the widely documented phenomenon of globalization in business it assesses the implications of the diversity of individual economies and enterprises for general theories of management and concludes by presenting new approaches to the study and research of management and organizations

the iebm handbook of organizational behavior is a unique ground breaking reference guide to organizational behavior thinking and practice it brings together original essays from the world s leading ob experts and presents them in an accessible single volume publication drawing from material provided in the highly acclaimed six volume international encyclopedia of business and management the iebm handbook of organizational behavior presents exclusive in depth global coverage of a wide range of ob topics and approaches

papers presented at a national conference organised by prestige institute of management and research held at indore with reference to india

the book is divided into two parts part 1 examines issues in current requirements engineering methods and practice part 2 details the way in which a particular orientation on the social aspect of the area can increase our understanding of the requirements process and also inform current requirements practice

black professionals in business have become an important grouping in south african society but this is a relatively recent development defining moments presents the stories of three decades of black executives drawing on significant aspects of management theory and practice in the context of the changing socio economic conditions that prevailed in each decade the first generation of black professionals who braved the corporate world in the 1970s was handicapped by bantu education and apartheid legislation but they were imbued with a vigorous culture of debate born of the struggle during the 1980s they increased in numbers and included black females with qualifications in commerce and finance the 1990 s generation was supported by changes in the political landscape in south africa which gave birth to the country s new democracy and universally admired constitution this book offers the experiences and attitudes of black executives of the past three decades to future generations and invites professionals to use this book as a tool to create a better understanding and bridge the gap between cultures

psychosocial aspects of pain a handbook for health care providers is intended to serve as a comprehensive resource for clinicians who wish to learn about the psychological psychiatric and social aspects of pain other books on these topics have targeted mental health specialists this volume however has been prepared for a different audience pain specialists and others in the health care professions including physicians nurses and physical therapists who would like to learn more about psychosocial issues in the evaluation and treatment of patients with painful conditions interest in these aspects of pain and in the particular challenges that often arise in treating pain patients is widespread in health care this handbook fills an important need by providing in one convenient volume a collection of focused reviews of all the information that health care providers need to know about psychosocial aspects of pain
