this book offers a comprehensive account of the major philosophical works on friendship and its relationship to self love the book gives central place to aristotle s searching examination of friendship in the nicomachean ethics lorraine pangle argues that the difficulties surrounding this discussion are soon dispelled once one understands the purpose of the ethics as both a source of practical guidance for life and a profound theoretical investigation into human nature the book also provides fresh interpretations of works on friendship by plato cicero epicurus seneca montaigne and bacon the author shows how each of these thinkers sheds light on central questions of moral philosophy is human sociability rooted in neediness or strength is the best life chiefly solitary or dedicated to a community with others clearly structured and engagingly written this book will appeal to a broad swathe of readers across philosophy classics and political science

in this new accessible philosophy of friendship mark vernon links the resources of the philosophical tradition with numerous illustrations from modern culture to ask what friendship is how it relates to sex work politics and spirituality unusually he argues that plato and nietzsche as much as aristotle and aelred should be put centre stage their penetrating and occasionally tough insights are invaluable if friendship is to be a full not merely sentimental way of life for today

a book of dialogues on the subject of friendship in an inspiring effort to understand the nature and function of friendship

this is a book of dialogues on the subject of friendship a noted irish philosopher stephen j costello ph d interrogates the great philosophers from plato and aristotle through st augustine and montaigne to c s lewis sartre and derrida in an effort to understand the nature and function of friendship he lets them speak in their own words dr costello asks some of the following questions what do we love when we love our friends is like drawn to like what is the relationship between friendship and happiness is a friend another self is it possible to love a friend too much what happens when a friend dies is all friendship self serving would you lie for a friend die for a friend after the fourteen dialogical explorations on the philosophy of friendship that comprise this book the author offers his own philosophico christian vision of friendship in the conclusion it is an inspiring book one that is full of fascinating insights on this intriguing subject that is surely of relevance to everyone whose lives are made full by their loving friendships with their perils and pains as well as their joys and jubilations for life without friendship is a kind of error

recent years have seen a marked revival of interest among philosophers in the topic of friendship this collection of fifteen articles is the first to make some of the best recent work on friendship readily accessible the book is divided into three sections the first centers on the nature of friendship the difference between friendship and other personal loves and the importance of friendship in the individual s life the second section discusses the moral significance of friendship and the response of various ethical theories and theorists aristotelian christian kantian and consequentialist to the phenomenon of friendship the last section deals with the importance of personal and civic friendship in a good society badhwar s introduction is a comprehensive critical discussion of the issues raised by the essays it relates them to each other as well as to historical and contemporary discussions not included in the anthology thus providing the reader with an integrated overview of the essays and their place in the larger philosophical picture

this collection brings together different philosophical points of view discussing two important aspects of human life namely love and friendship within the broad context of comparative philosophy these points of view differ in terms of their cultural orientations

east or west ancient or modern philosophical methodologies analytical historical experimental or phenomenological broadly construed and motivation explanatory revisionary or argumentative the volume is a comparative treatment of how diverse philosophical cultures view love and friendship such as how aristotle and confucius views on friendship are similar and different how the ancient greeks and the buddhists view friendship and happiness and how posthumous love is possible with contributions from a diverse set of scholars this book presents the emerging views of southeast asian philosophers compared with those of philosophers from other regions including europe and north america the volume thus provides a multi faceted way of understanding love and friendship across cultures and will be relevant to scholars interested in philosophy the history of ideas asian studies and religious studies

an eminent philosopher reflects on the nature of friendship past and present friends are a constant feature of our lives yet friendship itself is difficult to define even michel de montaigne author of the seminal essay of friendship found it nearly impossible to account for the great friendship of his life why is something so commonplace and universal so hard to grasp what is it about the nature of friendship that proves so elusive in on friendship the acclaimed philosopher alexander nehamas launches an original and far ranging investigation of friendship exploring the long history of philosophical thinking on the subject from aristotle to emerson and beyond and drawing on examples from literature art drama and his own life nehamas shows that for centuries friendship was as much a public relationship as it was a private one inseparable from politics and commerce favors and perks now that it is more firmly in the private realm nehamas holds close friendship is central to the good life profound and affecting on friendship sheds light on why we love our friends and how they determine who we are and who we might become

the routledge handbook of the philosophy of friendship is a superb compilation of chapters that explore the history major topics and controversies in philosophical work on friendship it gives both the advanced scholar and the novice in the field an overview and also an in depth exploration of the connections between friendship and the history of philosophy morality practical rationality value theory and interpersonal relationships more generally the handbook consists of 31 newly commissioned chapters by an international slate of contributors and is divided into six sections i historical perspectives ii who can be our friends iii friendship and other relationships iv the value and rationality of friendship v friendship morality and virtue vi new issues in philosophy of friendship this volume is essential reading not only for anyone interested in the philosophical questions involving friendship but also for anyone interested in related topics such as love sex moral duties the good life the nature of rationality interpersonal and interspecies relationships and the nature of the person

it s hard to imagine a good life without friends but why is friendship so valuable what is

friendship at all what unites friends and distinguishes them from others is the preference given to friends rationally and morally justifiable this collection examines answers given by classic philosophers and offers new answers by contemporary thinkers

this book explores for the first time an idea common to both plato and aristotle although people are separate their lives need not be one person s life may overflow into another s so that helping someone else is a way of serving oneself price considers how this idea unites the philosophers treatments of love and friendship which are otherwise very different and demonstrates that this view of love and friendship applied not only to personal relationships but also to the household and even the city state promises to resolve the old dichotomy between egoism and altruism

friendship is regarded as crucial to living a good life but how does friendship make our lives better do all friendships make our lives better what sorts of interactions are necessary for maintaining valuable friendships this book answers these questions via a philosophical exploration of friendship and the ways that it contributes value to our lives diane jeske uses this philosophical analysis to assess the impact of our ever growing use of social media do interactions via social media interfere with our ability to maintain genuine friendships do such interactions undermine the contribution of friendship to the value of our lives in addressing these topics jeske examines the contemporary notion of a frenemy the ways in which we deliberately craft our social media personas the role of the physical body in friendship and the ways in which social media s exacerbation of our fear of being left out and of comparison based envy can impact our relationships written in a clear and engaging style friendship and social media brings philosophical rigor and clarity to the task of determining how we can responsibly use social media in our own lives it is essential reading for anyone interested in the ethics of interpersonal relationships and the social impact of technology

divdivdivan entertaining and provocative investigation of friendship in all its variety from ancient times to the present day div div div

it s hard to imagine a good life without friends but why is friendship so valuable what is friendship at all what unites friends and distinguishes them from others is the preference given to friends rationally and morally justifiable this collection examines answers given by classic philosophers and offers new answers by contemporary thinkers

the joke is that all the prostitutes go on vacation when the philosophers come to town the reason that the other conventioners do it philosophers just talk about it and talk about sex and love and friendship is what the contributors to this volume do they talk and argue split hairs and clarify all trying to advance our understanding of this most

interesting practice of the human species some of the best minds on three continents from four nations and eighteen of the united states discuss such topics as adultery commitment cross dressing gender politics date rape family friendship friends as lovers gayness love marital pluralism marriage prostitution religiously motivated anti queer sentiments same sex marriage seduction and self respect rather than preach participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species the result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed the work is accessible to readers from high school through college and beyond

focusing on plato and aristotle the stoics and epicureans and early christian and medieval sources ancient and medieval concepts of friendship brings together assessments of different philosophical accounts of friendship this volume sketches the evolution of the concept from ancient ideals of friendship applying strictly to relationships between men of high social position to christian concepts that treat friendship as applicable to all but are concerned chiefly with the soul s relation to god and that ascribe a secondary status to human relationships the book concludes with two essays examining how this complex heritage was received during the enlightenment looking in particular to immanuel kant and friedrich hölderlin

friendship was recognized as a central moral value in the classical period but it was dismissed from medieval modern and twentieth century moral theories this book argues that this dismissal is unjustifiable the validity of this claim is established in four steps first it proposes the concept of moral paradigm this concept enables us to explore the source of moral value and to provide a criterion for the evaluation of the adequacy of moral theory second the book explains why medieval modern and twentieth century moral theorists neglected friendship as a central moral value in their analysis of moral behavior and why this neglect was unjustifiable third it explains why the classical moral philosophers viewed friendship as a central moral value fourth it argues that friendship is an ontological need therefore a necessary condition of the moral life this need is implicitly recognized in the moral paradigms that underlie the moral theories of the medieval modern and twentieth century moral theories accordingly it cannot be neglected in the process of moral theorizing
