iraq the moral reckoning applies classic just war theory to the u s decision to go to war in 2003 that theory which evolved over several millennia is a simple profound tool for evaluating the rightness and wisdom of starting a war the bush administration and its supporters referred directly and indirectly to the theory in making a pro war case to the world the theory provides three core moral criteria for a just war sovereign authority just cause and right intention which includes an aim of peace it adds three practical criteria proportionality of ends last resort and reasonable chance of success for a just war each criterion should be substantially met since war is destructive and each country is presumed to have the right to live in peace the evidence in favor of war must be clearly stronger than evidence against it for each criterion iraq the moral reckoning painstakingly weighs bush administration statements or those of its supporters against evidence available at the time a wide range of viewpoints and evidence is considered and contrary arguments are refuted one full chapter is given to neoconservative arguments on just war theory and its application from prominent war supporters each criterion except sovereign

authority is shown not to have been met the book concludes with a discussion of the implications of an unjust war for the united states and the world the intensive weighing of each criterion against the facts and the balanced approach make the book unique by demonstrating a comprehensive application of the theory to one war it not only sets a new standard for evaluating the 2003 iraq war but also shows how present and future wars can be better evaluated in moral and practical terms based on knowledge available at the time

this book links sectarianism in iraq to the failure of the modern nation state to resolve tensions between sectarian identities and concepts of unified statehood and uniform citizenry after a theoretical excursus that recasts the notion of primordial identity as a socially constructed reality the author sets out to explain the persistence of sectarian affiliations in iraq since its creation following the dismemberment of the ottoman empire despite the adoption of homogenizing state policies the uneven sectarian composition of the ruling elites nurtured feelings of political exclusion among marginalized sectarian groups the shicites before 2003 and the sunnis in the post 2003 period the book then examines how communal discourses in the educational curriculum provoked masked forms of resistance that sharpened sectarian consciousness tracing how the anti persian streak in the nation state s pan arab ideology which camouflaged anti shicism undermined iraq s national integration project sectarianism in iraq delves into the country s slide from a totalizing pan arab ideology in the pre 2003 period toward the atomistic impulse of the federalist debate in the post 2003 period employing extensive fieldwork this book sheds light on the dynamics of political life in post saddam iraq and is essential reading for iraqi and middle east specialists as well as those interested in understanding the current heightening of sectarian sunni shicite tensions in the middle east

this groundbreaking volume offers a comprehensive look at the current state of iraq's political economy in the aftermath of the us led overthrow of saddam hussein in 2003 frank r gunter describes the unique difficulties facing the modern iraqi economy and provides detailed recommendations for fostering future economic growth and stability the book begins with an overview of iraq's current political economic and social status including discussions of real growth unemployment inflation health poverty education and gender issues this is followed by a comprehensive look at what the author identifies as the three dominant characteristics of the political economy of iraq corruption political instability and petroleum using these foundational ideas as a springboard the book then provides a detailed breakdown of the iraqi economy by sector as well as discussions of iraq's fiscal monetary and exchange rate policies the final chapter identifies the major trends that will determine the course of future economic development in iraq and provides insightful recommendations for encouraging positive economic growth offering the most comprehensive and timely discussion of iraq's economy to date this critical volume will appeal to students and professors of international studies

political economy and middle east studies as well as anyone considering doing business in this rapidly changing economy

michael 2 is the most controversial and dramatic story written up to date and it might be the single most eye opening book you will ever read it is based on current events that play to undermine terrorism all religions and all governments the world was once flat to those who were afraid to search beyond all the ancient myths and beliefs explorers with sails enlightened the world then now cell computers and the internet are used to free this world from the ignorance that enslaves it michael 2 is by far the most extreme and dangerous story to those who want to keep the world the way it is he trained his entire life to fight for god but is defeated in his first battle by disbelief lack of belief and apathy michael 2 was defeated but not god who drove him to get back up dust off and fight again michael 2 as god s weapon of choice will establish christ s words the last will be first and the first will be last

includes who s who in the middle east

examines the development of michael moore s ideas and the evolution of his filmmaking then dissects fahrenheit 9 11 and explores the many claims and disagreements about the movie s truthfulness this study shows that michael moore s film did more than shake up a nation

robert fisk has been reporting from the middle east with incomparable depth and understanding and extraordinary courage noam chomsky in this final work from renowned journalist robert fisk he picks up reporting on the middle east where his internationally bestselling the great war of civilisation left off

what s it like to be the son or daughter of a dictator a monster on the stalin level what s it like to bear a name synonymous with oppression terror and evil jay nordlinger set out to answer that question and does so in this book he surveys 20 dictators in all they are the worst of the worst stalin mao idi amin pol pot saddam hussein and so on the book is not about them really though of course they figure in it it s about their children some of them are absolute loyalists they admire revere or worship their father some of them actually succeed their father as dictator as in north korea syria and haiti some of them have doubts a couple of them become full blown dissenters even defectors a few of the daughters have the experience of having their husband killed by their father most of these children are rocked by war prison exile or other upheaval obviously the children have things in common but they are also individuals making of life what they can the main thing they have in common is this they have been dealt a very very unusual hand what would you do if you were the offspring of an infamous dictator who lords it over your country an early reader of this book said there s an opera on every page a drama a tragedy or even a comedy another reader said he had read the chapter on bokassa with my eyes on stalks meet these characters for yourself marvel shudder and ponder

includes who's who in the middle east

tales from the sephardic dispersion begins the most important collection of jewish folktales ever published it is the first volume in folktales of the jews the five volume series to be released over the next several years in the tradition of louis ginzberg's classic legends of the jews the 71 tales here and the others in this series have been selected from the israel folktale archives named in honor of dov noy the university of haifa ifa a treasure house of jewish lore that has remained largely unavailable to the entire world until now since the creation of the state of israel the ifa has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world the tales come from the major ethno linguistic communities of the jewish world and are representative of a wide variety of subjects and motifs especially rich in jewish content and context each of the tales is accompanied by in depth commentary that explains the tale's cultural historical and literary background and its similarity to other tales in the ifa collection and extensive scholarly notes there is also an introduction that describes the sephardic culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography until the establishment of the ifa we had had only limited access to the wide range of jewish folk narratives even in israel the gathering place of the most wide ranging cross section of world jewry these folktales have remained largely unknown many of the communities no longer exist as cohesive societies in their representative lands the holocaust migration and changes in living styles have made the continuation of these tales impossible this volume and the others to come will be monuments to a rich but vanishing oral tradition

captures the experiences of an illinois national guard unit in the city of baghdad where it worked with other mp units to restore order to the chaotic streets while simultaneously helping to rebuild iraqi police forces and act as boots on the ground diplomats in the inevitable clash of cultures

in late 2003 five military intelligence soldiers were tasked to track the radical firebrand shi'ite cleric muqtada al sadr these army reservists followed his moves through the streets and back alleys of kufa and najaf they reported the activities of and the growing influence of his mahdi army as they slowly but deliberately encroached on the local governments for control of the prized imam ali shrine and the millions of dollars worth of gold and currency that laid therein lieutenant general ricardo s sanchez personally followed the progress of this small group of soldiers looking for clues of sadr's intentions and how it would affect the coalition and the rest of iraq for the next six months debates raged from the green zone to the corridors of the pentagon and even to the oval office of the white house what should be done with muqtada al sadr now for the first time the ground truth is revealed about how america let iraq's most dangerous man raise an army fight the coalition twice and then slip through their fingers to escape to iran where he is being groomed

to become iraq's next ayatollah and awaits the time to return and claim iraq for iran

some basic causes man's impact on atmosphere and climate man's impact on the water man's impact on land and soils the spread of organisms man's destruction of vegetation by man's eight destruction and extinction of animals man as a maker of new plants and animals trends and prospect

the first of robert perisic's novels to be translated into english *our man in iraq* gets to the heart of life made and remade by war and serves as an unforgettable introduction to a vibrant voice from croatia that's filled with characteristic humor and insight 2003 as croatia lurches from socialism into globalized capitalism toni a cocky journalist in zagreb struggles to balance his fragile career pushy family and hotheaded girlfriend but in a moment of vulnerability he makes a mistake volunteering his unhinged arabic speaking cousin boris to report on the iraq war boris begins filing gonzo missives from the conflict zone and toni decides it is better to secretly rewrite his cousin's increasingly incoherent ramblings than face up to the truth but when boris goes missing toni's own sense of reality and reliability begins to unravel

i'm here for revenge nothing's going to sway rem d evereux from his mission of vengeance especially not the beautiful intel operative who's just cut in on his turf and put her life in jeopardy if the only way to protect her is to keep her by his side day and night so be it

when germany launched its blitzkrieg invasion of france in 1940 it forever changed the way the world waged war although the wehrmacht ultimately succumbed to superior allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively robert citino analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level offering detailed operational analyses of actual campaigns citino describes how un forces in korea enjoyed technological and air superiority but found the enemy unbeatable provides analyses of israeli operational victories in successive wars until the arab states finally grasped the realities of operational level warfare in 1973 and tells how the vietnam debacle continued to shape u.s. doctrine in surprising ways looking beyond major power conflicts he also reveals the lessons of india's blitzkrieg like drive into pakistan in 1971 and of the senseless bloodletting of the iran iraq war citino especially considers the evolution of u.s. doctrine and assesses the success of desert storm in dismantling an entrenched defending force with virtually no friendly casualties he also provides one of the first scholarly analyses of operation iraqi freedom showing that its plan was curiously divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior throughout citino points to the importance of mobility especially mobilized armor in

modern operational warfare and assesses the respective roles of firepower training doctrine and command and control mechanisms brimming with new insights citino s study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare blitzkrieg to desert storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era

a portrait of the formidable shiite figure who has been predicted to be a future leader in iraq this book describes his rise from a resistance fighter the assassinations of his family members and his frequent confrontations with the american military

Recognizing the exaggeration ways to acquire this books **Our Man In Iraq** is additionally useful.
